GREEN RIDGE

IOOF, Rebekah Lodges Elect

By Mrs. Verna Palmer

GREEN RIDGE — Green Ridge Rebekah Lodge, No. 830, held its regular meeting Monday night, Dec. 3, with the noble grand, Mrs. D. D. Davis, presiding. During the business meeting the following officers were elected: Miss Erma Whallon, noble grand; Mrs. Floyd Brownfield, vice-grand, Mrs. Homer Carter, Jr., secretary; Mrs. Harold Lee Baslee, financial secretary, and Mrs. Scena Paige, treasurer.

State officers and a delegate to the state convention were voted on also.

The Rebekah degree was conferred and one new member was welcomed into the order. After adjournment the hostesse, Mrs. Walter Carpenter and Mrs. Otis McNew, served refreshments and a social hour was enjoyed.

Green Ridge I. O. O. F. lodge, No. 300, held an election of officers last Tuesday night. The following new officers were elected: noble grand, George R. Weller; vice-grand, L. W. Whittall; secretary, Jim Pace; treasurer, Roland Fletcher. A joint public installation of officers of the Odd Fellows and Rebekah lodges will be held Jan. 1.

Mrs. J. A. Gordon, who was installed as worthy matron of Guiding Star Chapter No. 306, Order of the Eastern Star, Friday night, entertained the new officers of the order for 1952 at a 12 o'clock luncheon last Saturday at her home.

The centerpiece for the table was suggestive of Christmas, carried out in the colors of the Eastern Star.

Guests were: Mrs. S. M. Dowdy, Mrs. D. D. Davis, Mrs. Roy Ragar, Mrs. Olin Ragar, Mrs. Royal Ragar, Mrs. L. B. Beach, Mrs. F. E. Helman, Mrs. W. S. Stark, Mrs. Alvia Lett, Mrs. Charles H. Ward, Miss Rosilea Stark and Mrs. G. D. Rayburn and J. A. Gordon, who was installed as worthy patron.

The following ladies were guests of Mr. and Mrs. J. A. Gordon a few days this week at their home in Green Ridge; Mary Shirley, Vera Smith, Esther Veres and Martha Minnich, all of Liberty Center, Ohio. While here they attended the installation of officers of Guiding Star chapter, No. 306, OES, which was held Friday night at Bennett hall in Green Ridge.

An operetta, "Surprise Christmas", will be presented Wednesday night, Dec. 19, at the school auditorium by the elementary school children. There will be the following additional features other than the operetta: barn dancers, fairy chorus, angel chorus, red caps. Piano accompanists are Shelley Sue Morrow and Karen Smith. The music will be under the direction of Mrs. Faye Berthouex, music instructor.

HE HAD TO GET OUT AN' PUSS—Though his motor was just purring, the car kept stalling, so Irving Pinsky of St. Paul, Minn., looked under the hood to find Trixie, a pet cat, shorting out his battery. Trixie's owner, Sidney Golberg, said his cat just likes batteries—in fact she appears to get a large charge out of them.

Holiday Party for the Very Young

By Cecily Brownstone
Associated Press Food Editor

Thinking of entertaining young tots during the holidays? Then remember a few hints that help when the nursery set goes gala.

1. Keep the party small. Many mothers have found that having as many guests as a child is old is a safe number to have around.

2. Plan activities carefully. Don't wait for last-minute inspirations—you may not have enough of them to keep bouncing youngsters happy and occupied. Small fry enjoy simple singing games such as "London Bridge," "Drop the Handkerchief" and "In and Out the Window." You would think they would tire of them but they don't! Treasure hunts are popular and you can have wrapped Christmas candy and peanuts for the hidden nuggets.

3. Plan to have a small present that each child will enjoy playing with at the party and then can take home. Inexpensive scrap books and new crayons are a good example of this kind of favor.

4. Keep party fare simple. Asking the children for lunch or supper is a good idea. For the main dish you might serve chicken timbales made from ground chicken, cream sauce, soft bread crumbs, and a little minced parsley for seasoning; with buttered snap beans cut in one and one-half-inch pieces for easy eating, and a small bread and butter sandwich. A few crisp carrot sticks will add pretty color to the plates. For dessert serve ice cream in little paper cups with tiny sugar cookies.

5. Youngsters love place cards on the party table. One suggestion is to make Chocolate Candy Balls and wrap each in colored cellophane; then attach a name-card for each guest. Here's a recipe:

Chocolate Candy Balls

Ingredients: Four cups puffed rice, one-half cup chopped nutmeats, three-fourths cup sugar, one-fourth cup corn syrup, one-half cup water, one-half teaspoon salt, two squares (two ounces) unsweetened chocolate, one-half teaspoon vanilla, one tablespoon butter.

Method: Heat puffed rice in shallow pan in moderate (350 F.) oven for 10 minutes. Put into large greased bowl. Add nutmeats and mix well. Combine sugar, syrup, water and salt; bring to a boil. Add chocolate and continue cooking until a few drops in cold water form a soft ball (234 F.). Add vanilla and butter; stir. Pour syrup over puffed rice and mix quickly. With greased hands shape into balls two and one-half inches in diameter. Let harden on wire rack. Makes nine balls.

BLACKWATER

PTA Group Studies Parents Helping With Homework

By Mrs. M. R. Gillespie

BLACKWATER — The P. T. A. study group met Monday afternoon, Dec. 3, at the home of Mrs. Elliott Morris with Mrs. Harold Topel conducting the study of "Should Parents Help Children With Home Work." Present were Mrs. Lee Alan Thorp, Mrs. George J. Becker, Mrs. Elbert Sprigg, Mrs. William Clemene, Mrs. Florence Topel, Mrs. Warner F. Wing. The January meeting will be held at the home of Mrs. Sprigg.

Lt. Cmdr. and Mrs. Charles E. Ruyle and son, David, arrived Saturday from Norfolk, Va., and spent until Monday with her parents, Mr. and Mrs. Paul Huffman. They went from here to Springfield to visit his parents, the Rev. and Mrs. C. E. Ruyle and from there will go to Neosho for a short visit before returning to Norfolk.

The P. T. A. will meet Thursday evening, Dec. 20 at the school building when a basket supper will be served at six o'clock. Following the supper a Christmas program will be presented.

Mr. and Mrs. Wilson Hauetter of Nebraska visited with friends here Saturday. They are former residents of Blackwater. While here Mr. Hauetter was manager of the utilities.

Mr. and Mrs. Jewell Fenical and Mr. and Mrs. Robert Lee Fenical were dinner guests Sunday of Mr. and Mrs. J. L. Green of near Hardeman. Other guests were Mr. and Mrs. Turley Fenical of New Franklin. The occasion was to honor Mr. and Mrs. Jewell Fenical whose 31st wedding anniversary was Saturday, Dec. 1.

Mr. and Mrs. Pearson Turley announce the birth of a daughter on Thursday, Nov. 29, in Boonville. She weighed six and one-half lbs. and has been given the name Lois Mischele. Mrs. Pearson and baby are at the home of Mr. and Mrs. John Turley for a week before returning to their home here. The Turleys now have two daughters and one son.

Amos Burks and son, James Burks, Kansas City, came Thursday of last week and were guests of Mr. and Mrs. Earl Brockway until Saturday. Additional dinner guests Friday evening were Mr. and Mrs. Forest Moseley of Arrow Rock. The men spent the days quail hunting.

Mr. and Mrs. O. G. Shifflet and daughter, Donna Sue, went to Fayette Thursday and were dinner guests of Mr. and Mrs. Sam Shifflet.

Mr. and Mrs. Eugene Stewart and three sons, former residents of Blackwater, but recently of near Columbia, have sold their farm there and moved to the state of California where he has employment with a construction company.

Mr. and Mrs. Archie Eichman were dinner guests Saturday evening of Mr. and Mrs. Harvey Phipps of Boonville.

The revival meeting held at the Methodist church closed Sunday night, Dec. 3, with three additions to the church. The Rev. Arthur Hinnah of Boonville, assisted by the church pastor, the Rev. Richard Wehrman, conducted the meeting. Special music was furnished by Lawrence White of Boonville with Mrs. White at the piano; Mrs. Lee Conway of near Boonville, Mrs. Spear Brandes, Miss Phyllis Sanders, Capt. M. D. Stigall, all of Boonville and the Rev. Wehrman, with Mrs. Milton Hoberecht of Boonville at the piano.

Miss Faith Craig of near Postal was a dinner guest Monday evening of Miss Virginia May Thorp. Both young ladies went to Nelson that evening and saw the basketball game.

Eastern Cattle Ranch

WASHINGTON, Pa. — (AP) — —Two farsighted cattlemen of nearby Hickory have reversed the usual order of things by bringing the wild and wooly West to Western Pennsylvania—within the shadow of the great industrial metropolis Pittsburgh.

Frank Murdoch and Bob Dieseroth, partners in the Hickory Ridge Farm, employ the same techniques used on huge cattle spreads of the Southwest. There's plenty of riding, roping and brandon the 132 acres of fertile, rolling pasture. The partners recently added a registered Brahman bull and four Brahman cows to their stock of 60 Herefords. They plan to cross-breed the strains and hope to turn out bigger and better beef cattle—about 2,500 pounds each.

Frisky Casinos

SAIGON, Vietnam — (AP) — You face being "frisked" if you want to gamble in the casinos of Saigon and the twin all-Chinese city of Cholon.

At the casino entrances, arrows point the entry way for women and for men. Vietnamese of Chinese attendants sit there, ready to search the pockets of any suspicious looking person, be they man or woman.

The idea is to make sure that no one enters with a hand grenade or hand-made bomb who might demonstrate his or her loyalty to the Communist-led Vietminh cause by tossing the explosive into the dense casino crowds.

During the past football season coaches and sports writers voted each week for the tackle, guard, center or end who turned in the best performance.

After the vote tabulation one lineman was hailed as "Lineman of the Week" and newspapers across the country told of his exploits.

For all-around performance, 52 weeks a year, our vote goes to the linemen of the Missouri Public Service Company. It is they who keep electric power at your flick-of-a-switch command, in sun or rain, fair day or stormy night.

Hal Boyle's Column---

Please, Santa, Bring Little Hal Just One Little Old Elf

By Hal Boyle

NEW YORK—(AP)—Dear Santa Claus:

A little girl from the Bronx wrote you recently and asked for a baby gorilla for Christmas. She said if she couldn't have the gorilla—she just wanted to grow up with it—she didn't care for anything at all.

Well, that's pretty much the way I feel, except I don't want a baby gorilla. I want an elf. I've wanted one all my life—a good, well-trained, obedient elf, sound of wind and limb.

As a child I began to suspect there was something wrong with people. Now, after 40 years of living, I've come to the conclusion they just aren't dependable. They get all mixed up.

You do a swell job of straightening things out while you're on duty, Santa, but you take a rather long vacation. What I want is one of your elves to fill in on the 364 days a year you aren't working. And I want him this year—or never.

One of the troubles with civilization, probably, is that it gave up believing in elves—and is now plagued with gremlins.

What I want is a real, conscientious, old-fashioned, good-hearted elf to help me fight the gremlins of today. Every household really needs one.

An elf would help fill the void still left in modern living despite the invention of the electric dishwasher and the all-purpose vitamin tablet. He'd take the place of the cricket on the hearth—or rather, in our house, the radiator.

There are so many things for him to do about the place. When the covers slipped off me at night, no more blind groping and grunting about in the dark. Little old elfie would attend to that. He could also bite the alarm clock in the morning, give me a shave, and put the coffee pot on the stove.

All day long he could do little household chorse like cleaning the venetian blinds and making elfin remarks to my wife. That would keep her in such good humor that when I came home, she'd say, "let's eat at home, tonight, dear. I don't feel like going out. I'm just worn out from laughing at that wonderful elf we got for Christmas."

With meat costing what it does now, Santa, I'd prefer a vegetarian elf, of course. We don't have any porridge (I undestand they like porridge), but perhaps you have one that could get along on carrots and blackstrap molasses.

Naturally, we'd guarantee him social security, a two-pants suit, a night out each week, and vacations with pay. Even an elf wants to dress well and relax like everybody else.

I don't know, Santa, how long even an elf could stand the strain of Manhattan life. He may turn into a gremlin himself. But if he does, you can have him back next year.

Japanese Competition Lessened

SINGAPORE—(AP)—Japan cannot produce as freely and as cheaply as she could before the war because her workers now demand more pay and better treatment, says Dr. Alagappa Chettiar, a visiting Indian textile magnate.

He said no country need now be afraid of Japan's commercial competition. The change in outlook in Japan, he commented, is healthy for all, including Japan.

Bob Thomas In Hollywood---

Universal Doing Unusual, Develops New Movie Stars

By Bob Thomas

HOLLYWOOD, Dec. 11—(AP)—Everybody talks about the need for new faces in the movies, but few studios do much about it.

A notable exception is Universal-International. In the past year or so, this studio has developed new personalities in a number disproportionate to the size of its operation. Among the promising newcomers: Peggy Dow, Tony Curtis, Piper Laurie, Loyce Holden, Rock Hudson.

For information on the studio's star-making operation, I went to the talent coach, Sophie Rosenstein. A small, electric woman, she has spent most of her career in finding and developing other people's talents. How does the studio find promising young talent?

"Mostly through agents who bring the talent to the studio. Most of the boys and girls have been found in little theaters around Hollywood, which is our principal showcase of talent. Only a few are brought in from Broadway, and other parts of the country."

How are the youngsters chosen for contracts?

"We try to pick ones who have the potentiality of being able to do leading roles, since we generally don't put character types under contract. The person should be pleasant looking and should be assured and self-confident. Previous training is not necessary, but it helps. If a person has taken part in school plays and so forth, that at least shows he has some of the drive and the desire to be an actor."

I asked what was the common quality that all movie stars possess.

"That's hard to answer," she replied. "But I would say they are people—plus. Whatever other people have, movie stars have a little more of."

The U-I contractees are carefully screened: Gone is the day when studios signed up a flock of cuties on a wholesale basis. After the hopefuls are on the contract list, they begin extensive training.

"There is no sitting at home, waiting to be called for a picture," Miss Rosenstein remarked. "They put in a full day at the studio. We give them singing and dancing lessons, teach them how to ride horseback and train them in all phases of acting.

"Sometimes they read parts from plays and sometimes I will give them a newspaper clipping and tell them to act it out. They are taught to improvise and to think on their feet; that makes them self-confident and assured."

Focal point of the entire program is a yearly stage show, "Inside U-I." All the studio's young talent takes part.

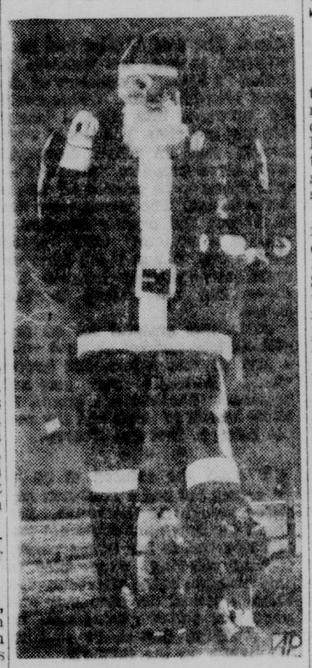
Mr. and Mrs. Paul Gray, Martin City, spent the week-end with her parents, Mr. and Mrs. Lyman Wharton.

Mrs. Jack Parsell and baby arrived home last week from Davenport, Iowa where they have been visiting relatives.



TOWERING SANTA — This 19-foot Santa Claus in a red costume stands in the Marshall, Mo., courthouse yard. Two small children play at its feet. It originally was built as a giant football player for Homecoming at Missouri Valley college. A few deft touches and the figure became a Santa holding a scooter. An amplifier unit hidden in the figure enables Santa to 'speak' with the children as they pass and he often roars out Christmas carols and hymns. He can be heard over the town square. —Missouri State Mat Service.

SMOKING AT AN EARLY AGE — Chippy, fledgling sparrow of Mr. and Mrs. Richard Rogers, of Hartford, Conn., is so house-broken that it smokes cigarettes in a filtered holder.

Heads Up

CHICAGO — (AP) —The most dangerous time of year for pedestrians is here, said W. Dean Keefer, director of safety engineering for the Kemper insurance group. He warned drivers to reduce speed at dusk and asked pedestrians to be cautious at intersections.

Pedestrian deaths are usually 40 per cent higher during the last three months of the year than the average of the first nine months, he says.

Reasons for the startling increase in pedestrian fatalities are:

1. The shift to dark winter clothing makes it hard to see the pedestrian.
2. More traffic in hours of darkness.
3. Increased holiday travel, shopping and drinking.

Speaker Rayburn Warns Truman to Clean House

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)

WASHINGTON, Dec. 13 — Speaker Sam Rayburn has grimly warned President Truman to take the initiative in cleaning up the administration, or have his legislative program wrecked. The speaker recommended that a crusading attorney general be named to start prosecutions.

The shrewd Texan, a veteran of many political storms, is described by friends as "extremely concerned" by the scandals. He told the President that, if he did not act quickly, mink coats would be thrown at the administration on every bill sent to Congress from 1600 Pennsylvania avenue. Under these circumstances, Rayburn warned, Democratic leaders would have no hope of controlling even a majority of their party members.

In private the speaker has gone much further. "Harry Truman is a dead duck politically right now," Rayburn has told friends, "and the party will be just as dead unless we can prove to the people we're cleaning out our own black sheep. If the administration won't move, it's up to Democrats in Congress to do it. After all, every one of us is concerned. The tax scandals are hurting us badly."

Rayburn has also intimated it might be necessary for party leaders on Capitol Hill to repudiate the Truman administration — unless the President moved energetically.

Capital News Capsules

The price of Bill Oatis—Defense Secretary Lovett has told the state department he will never agree to swap a steel mill for release of A. P. correspondent William Oatis from a Czech prison. . . The Czech government has told the United States the price for Oatis' freedom is delivery of a $22,000,000 steel mill ordered from the United States in 1946. The mill was completed and paid for by the Czechs but the state department has been holding up delivery. . . . The defense department now contends that the Czech offer is pure blackmail and no matter how much it wants Oatis released it won't hand a steel mill over to Czechoslovakia.

U. S. Troops In Japan — Real reason for John Foster Dulles' quick trip to Japan was not personal, as he announced, but because the Japanese want to oust the U. S. troops from the big cities. . . . Now that they have a peace treaty, the Japanese have served notice that they will decide where U. S. troops will be stationed, and propose moving them to smaller towns, out of sight of a majority of the Japanese people. . . . U. S. military men say this interferes with the proper defense of the country, and Dulles will try to persuade Japanese leaders to change their minds.

Behind The Iron Curtain —Word from Moscow is that Stalin has ordered Russia's top atomic scientists to produce atomic artillery for the Red army by June first—or else. U. S. observers say there's evidence Stalin and the Politburo are shocked at America's success in perfecting this new battlefield weapon, and realize that, unless the Russians catch up in the next six months, the Red army will be hopelessly outdated. . . . Until recently, Stalin's advisers had told him the United States was bluffing and that it did not have any tactical atomic weapons. . . . But latest tests in Nevada have proved this to be false; so Stalin has now ordered an all-out production campaign. Unfortunately, the Russians already have made substantial strides toward developing atomic artillery and U. S. experts fear they will be ready to test their first shell some time in March.

Kefauver Boom — Friends of Sen. Estes Kefauver, the crime-buster, are practically lighting firecrackers under him urging him to announce as a Democratic candidate for president. The more Truman's stock sinks as a result of tax scandals, the more enthusiastic become Kefauver's friends. They're already making plans in California, Illinois, and may thumb their noses at Gov. Fuller Warren of Florida by putting their man into that state as a direct challenge to the governor who refused to testify before Kefauver's crime committee. Jim Farley has been sounded out as a possible Kefauver campaign manager, also Gov. Adlai Stevenson of Illinois.

Health and the Senate

The vacant post of GOP Senate leader is going begging, largely because the late Sen. Ken Wherry's sudden demise has given GOP colleagues the shivers.

The three senior Republicans approached to take the job know that Wherry literally worked himself to death. They are:

Whimsical Gene Millikin of Colorado, a key policy-maker who has suffered heart trouble. He fainted at a Republican regional meeting some weeks ago. Millikin flatly turned down the post.

Styles Bridges of New Hampshire, a ranking old guard leader acceptable both to Taft forces and middle-of-the-roaders, is recovering from a mastoid condition. He prefers to remain a power behind the throne.

Owen Brewster of Maine, who Senator Taft would like to see cracking the whip, is worried about his health. He canceled a recent Newark speaking engagement because of illness.

This leaves the field open to Leverett Saltonstall of Massachusetts, bitterly opposed by the Taft crowd; Everett Dirksen of Illinois, a freshman Taftite who is opposed by the Eisenhower faction and Bill Knowland of California, a conscientious worker who supports Gov. Earl Warren.

Merry-Go-Round

Mink coats and 12-pound hams should be scarce around Mike Di Salle's stabilization offices at Christmas time — if his staff follows the dictum that they are to accept no Christmas presents which they can't eat or drink inside 24 hours. . . . John Sherman Cooper, ex-senator from Kentucky, now a delegate to the United Nations, will run for the Senate again—this time against Sen. Tom Underwood, Democrat. . . . The internal revenue bureau is stalling the Senate crime committee. Senators have asked for the income-tax returns of certain gamblers and police officials, but the tax bureau is moving like molasses. . . . Congratulations to the Santa Cruz Sentinel-News for making 39 foreign students feel like it was Christmas time in the San Francisco bay area. A Chinese cafe is treating the students to dinner, a Negro caterer is treating them to lunch, and the Y. W. C. A. is giving them a reception. The Sentinel-News wants to show them a cross-section of American life. . . . The old OPA system of having retail stores post their prices will be instituted by OPS shortly. Then a customer can compare ceiling prices with the articles he is buying.

Looking Backward

TWENTY-FIVE YEARS AGO

The Democrat published excerpts from a letter from Jane Rucker, (who is now Mrs. Alben Barkley, wife of the vice-president of the United States), who with her mother, Mrs. Roy W. Rucker, and her brother, William (Bill), were in Rome, Italy. She expressed a desire to take a swim in Rome's old harbor, Ostia, and wrote she was working hard at school especially on Italian. She had an hour each day on Italian and French, and twice a week two hours in Italian in exchange for two hour's English with her teacher's granddaughter. She stated roses bloom the year round and that they have fresh strawberries in January.

One of the large farm homes near Sedalia, occupied by M. C. Bayne, a stock dealer, was destroyed by fire with a loss estimated at $5,500. The house had ten rooms and was on what was known as the Cline place. It was on the Boonville street road.

The maximum temperature at 2:30 o'clock Sunday, Dec. 12, was 65 degrees at 2:30 p.m. A cold wave followed Monday with snow.

The Standard Oil company's safe at its distributing plant, 1100 West main, was wrecked by safe crackers using nitro-glycerine and about $60 stolen. An old, counterfeit dollar was part of the loot.

FORTY YEARS AGO

A contract was awarded the Queen City Electric company, Sedalia, for the installation of an electric lighting system at Lincoln, Mo.

H. W. Meuschke and Attorney C. C. Kelly returned from Oklahoma City where they had been on a brief business trip.

John W. Wright, baggage master at the Missouri Pacific station, observed his 31st year of employment with that railway.

No Steps Taken

NANAIMO, B. C.—(AP)—A couple who were rescued from a grounded gasboat were each fined $15 on charges of causing a disturbance. Officers of a police boat that answered their call for help said the couple could have stepped ashore.

Shadow Boxers

WHUZZO FUNNY?—The snowfall on this auto parked on a Cleveland, O., street turned it into a grinning monster. Motorists weren't so amused as the one-foot-plus snow blanketed the city and high winds caused traffic-snarling drifts.

MORE PRECIOUS THAN RUBIES

THE STORY: Alma Conroy, designer in an exclusive jewelry firm, goes to lunch with Joe Denton to tell him wonderful news of her husband Tommy's promotion. Tommy, Joe and Alma are close friends. But at the club they visit, they see Tommy, who had told Alma he was going to be out of town, in company with another woman. Joe confesses his love for Alma and says that he wants to marry her if she will leave Tommy. Believing there must be another explanation for Tommy's conduct, Alma gives him a chance to explain and Tommy says the girl was Mysti Marchand, expensive fiancee of Brighton Muncie, son of the president of the firm for which the Conroys and Joe Denton work.

X

ALMA CONROY avoided the chance of meeting Joe Denton and went directly to her place at the long workbench under the high windows.

An air of unusual excitement pervaded the room, and with an effort Alma recalled the cause. The annual auction of the sweepings under the grilled floor had been held, and the winning bid had been $7000, an unusually large sum. The floor would be taken up that night and as always there was betting among the men as to what the assay of the sweepings would amount to.

"Higgins and Co. will be stuck and my $5 says so!" said a voice. "I've been powerful careful with my tray this season!"

"I haven't blown enough gold to fill a bird's tooth!" said another.

Old Victor Blanchard chimed in. "It is really remarkable how very small is the amount we lose. Yet if someone were careless with a big stone today, Higgins might do well!"

"Funny thing, a new firm like Higgins getting it. First time in years that the Mammoth Gold-buying Company hasn't outbid them all." The comment ran on and on.

New work had been laid out for Alma. The pair of clips had been enlarged to what the journeymen called "a litter," a necklace of almost identical pieces which could be separated into clips, a breast pin and bracelets. The stones were mostly medium small diamonds with some sapphire "shavings"—thin stones to be worked off into a floral design. The jewels were not stock but the private accumulation of a customer who vanted them reset. It was a job carrying extra responsibility because the stones did not belong to The House.

Alma was grateful for an absorbing task and set about it with a sort of fury which she hoped would obliterate her personal problems. She did not intend to allow herself to think and she was not going to face Joe Denton.

* * *

AT noon she refused to go to lunch, but had a sandwich and coffee brought to the bench. She drank the coffee but could not eat, and returned to her labors almost without stopping. From time to time throughout the afternoon, Old Victor watched her anxiously and when just before closing time he got ready to depart, he touched her lightly on the shoulder.

"Stop!" said he. "Everyone is leaving early because of the floor. Come, cherie, you have done enough for the day!" Alma turned heavy eyes on him.

"I'll stay a while," she said, trying to smile, "just long enough to finish this one clip. Please don't urge me, Papa Victor; I really want to do it."

He shrugged and left her, reluctantly, and when he had gone the big room seemed very silent and empty, but Alma was not conscious of the fact. It was only when she felt another presence close to her, that she looked up from her work. Then she saw Mrs. Denton, smiling at her from the wheelchair. "I hope I didn't startle you," said the older woman. "My chair runs very quietly and I sometimes forget it's like sneaking up behind someone on rubber soles."

"Oh hello, Mrs. Denton!" said Alma.

She wasn't surprised, now that the first shock was over, at seeing the cripple there. Mrs. Denton could maneuver her chair with ease and was a frequent visitor in all parts of The House.

Mrs. Denton took every advantage of her helpless condition, and her appearance was affected; somehow she contributed to remind one of Whistler's famous portrait of his mother, though Alma sensed that under the soft costuming and the mild air of sweetl,-sad resignation, was a will of iron.

"Was there something special you wanted, Mrs. Denton?"

"No," the voice was at once both plaintive and bravely cheerful. "I just came up to say goodby. I leave on my vacation very soon."

"Oh yes! Joe's taking you to Mexico, I hear!"

"The doctor thought the sunshine might do me good. Well, I'm sorry to have missed the others. I'll be too busy to get back upstairs before I go. Not that I suppose they care whether they ever see an old wreck like me again."

* * *

MRS. DENTON daubed at her eyes with a large cambric handkerchief, leaned back wearily, and dropped the handkerchief to the floor. Alma watched the witch-like face anxiously for a moment, until Mrs. Denton pulled herself together with an apologetic smile.

"Well, I must be going!" she said. "My handkerchief ... would you mind, dear? I can't quite reach it."

Alma retrieved the handkerchief and received a too-grateful smile.

"I hope you—and Joe—have a pleasant trip, Mr. D ton."

"Thank you, my dear! Goodby!"

Alma watched the woman wheel herself off and then deliberately delayed putting away her work in order to avoid having to go down in the same elevator.

The Modern Life Insurance Program includes

A CHRISTMAS GIFT POLICY

GUARANTEES YOUR BENEFICIARY EXTRA MONEY FOR CHRISTMAS. For Example: A man aged 35, assuming his wife is the same age, can arrange to have her receive $100 every Christmas (in case of his death) as long as she lives for an annual premium of $75. If the insured lives to age 65 the policy will return to him approximately the amount of his total premiums (slightly more under current dividend schedules).

SUPPORT YOUR LOCAL MERCHANTS

Do your Christmas shopping in your community stores—trade with them and support them at all times. Your friends and neighbors, the home town merchants, merit such consideration for they play a great part in the development of your community.

Whether you live in town or on the farm, your local merchants are indispensable. They make available, close at hand, the necessities of life—everything you need, in finished form, ready to eat, wear or use. You need them and they need you. With your support, they will be more eager and better able to supply your needs. By working together, your community grows and prospers . . . farmers, business men, merchants . . . all benefit.

Yes, you and your local merchants have a common interest, are partners in promoting the prosperity and progress of your community. Anything that helps them, helps your community and you.

The investor-owned electric, gas and water utilities of Missouri salute the local merchants of the State. They number some of our best citizens and community builders. The nearly 30,000 of us recognize them as friends and neighbors with a mutual interest in making their town a better place in which to live. We pledge our wholehearted interest in supplying the gas, water and electric services now plentiful for further growth and for Missouri's part in natural defense.

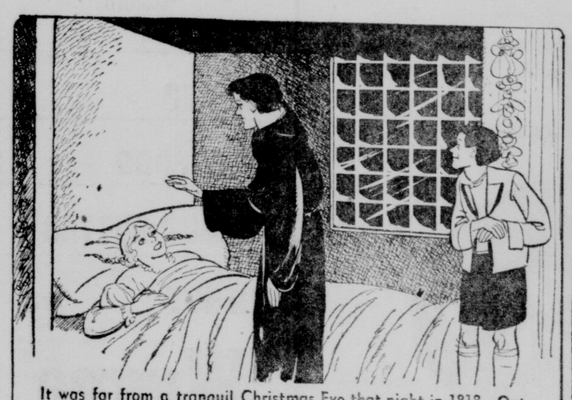
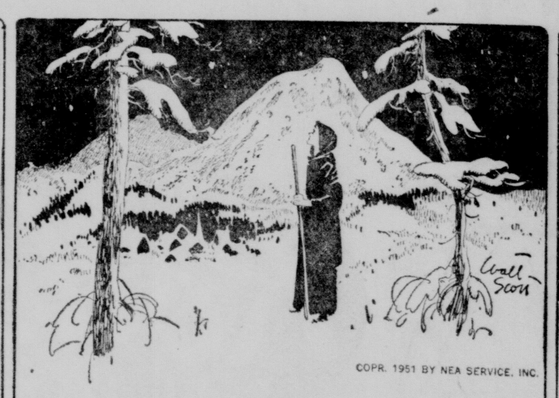
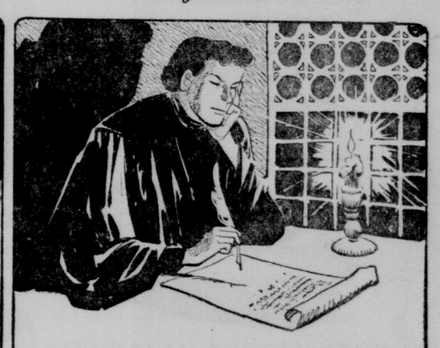
The Songs of Christmas — *Illustrated by Walt Scott*



It was far from a tranquil Christmas Eve that night in 1818. Outside a blizzard raged. Inside the Alpine home the young priest, Joseph Mohr, gave his blessing to a new-born babe.



On his way home from his mission the wind died down and the storm stopped. The moon came out and stars twinkled in the sky.



Inspired by this calm and beauty, as well as by his visit to the young mother and child, he hurried home and began writing. The first words were "Silent Night, Holy Night."

22 Years With One Yule Card

STILL GOING: Now it costs 36 cents each time it travels.

By Betty Collins
NEA Special Correspondent

CONSHOHOCKEN, Pa. — NEA —James Morrison of Roxborough, Pa., started something when he sent a Christmas card to R. Lincoln Hain, in Conshohocken back in 1930.

The card has just made its 22nd annual journey between the two old friends.

When Morrison first mailed the somber-hued, oval shaped black and sepia greeting card to Hain, he added this postscript: "Because of the Great Depression, I had to make use of an old calendar for this card."

Hain put the card carefully away. When Christmas, 1931, rolled around, Hain mailed the card back to Morrison. "I'm only following your example of frugality, but I'm going you one better," he wrote.

Since then, the card has gone back and forth between Roxborough and Conshohocken, some half-dozen miles apart, with a "To Bob" or a "To Jim" added each year to the growing signature list.

UNDER CUT— t

When the card made its 20th trip two years ago, the co-owners decided that from then on it would travel only as a registered piece of mail.

That decision, Morrison says, shot his original economic plan "full of holes." It costs 36 cents to mail it now.

MEAT CROQUETTES
Leftovers you'll be proud to serve
3 tbsp. butter
3 tbsp. flour
¾ cup diluted Milnot (⅜ cup Milnot and ⅜ cup water)
1½ cups cooked ground meat (beef, veal, ham, or chicken)
⅛ tsp. pepper
1 tsp. salt
few grains cayenne pepper
1 tsp. grated onion
deep fat for frying
Make a thick white sauce of the butter, flour and diluted Milnot. Add remaining ingredients and spread in a thin layer on pan to chill thoroughly (and stiffen). Shape as desired roll in flour, then in beaten egg mixed with 1 tbsp. Milnot, and roll in fine bread crumbs. Let stand at least 20 minutes if possible (3 or 4 hours is not too long if kept cool) and fry in deep fat, heated to 375°F., until golden brown. Serve hot with or without creamed peas served over them. Makes 6 large or 12 small croquettes. Serves 6.

Navy Hero Has Cold Job

BOSTON — (AP) — Commander Robert (PT) Kelly, who won fame in World War II as the skipper of an "expendabel" tiny torpedo-boat squadron in the hot Southwestern Pacific, now has a much colder assignment.

He recently returned from the Arctic where the icebreaker Atka, which Kelly commanded, brought supplies to U.S. stations there. The Atka led the "interference" through the icefields for cargo ships which followed close astern.

In some of the darkest days of U.S. history, Kelly was in command of the lead boat in the four-craft PT squadron which evacuated Gen. Douglas MacArthur, his family and staff from Corregidor in 1942.

Kelly, 38, was appointed to the U.S. Naval Academy in 1931. He makes his home in Somerville, Mass.

Want No 'Death March'

Allies Demand Reds Guarantee Safety Of Prisoners When They Are Exchanged

MUNSAN, Korea, Dec. 13—(AP)—The Allies today demanded the Reds guarantee there would be no "death march" of Allied prisoners in Korea.

"No progress of any sort" was reported by a truce subcommittee on prisoners, but spokesmen for both sides indicated another subcommittee might soon break a 17-day deadlock on how to police an armistice. They didn't get anywhere today.

An official U. N. command spokesman said the Reds may hold many prisoners in camps far to the east of Panmunjom, where the Communists want to trade prisoners.

Fear Another Bataan

"We don't want our prisoners to have to walk hundreds of miles," said Lt. Col. Howard S. Levie. "We don't want a (Bataan,) death march in reverse."

A tough-talking American admiral told the Reds there would be no "blind payment" or prisoner exchange until the Communists gave assurance of the safety of Allied fighting men they hold.

Levie said statements of Rear Amd. R. E. Libby implied "the Communists have some sinister reason for withholding information."

Asks Lists Now

Levie said the United Nations wants the Communists' prisoner lists now because "if we get the names of five, ten or 15,000 we will know that we will get at least that number back. If we get a figure we consider completely out of line with our estimates, there is going to be quite a bit of discussion before we come to agreement."

The two subcommittees will meet in Panmunjon again at 11 a. m. Friday (8 p. m. CST Thursday.)

Armistice Possible

Even though no progress was reported by either subcommittees Thursday, many observers at U. N. advance headquarters said it is possible that an armistice can be signed before the cease-fire line agreement expires Dec. 27. If no agreement is reached before the deadline, the line must be redrawn just before an armistice is signed.

The question of whether the Reds follow the Geneva convention on prisoners of war cropped up.

North Korean Maj. Lee Song Cho conceded that the Reds had said they would follow the convention but "didn't say that we observed the convention intoto."

He made the comment when Libby protested that the Communists had reported only 110 prisoners to the International Red Cross despite a promise to follow the convention requiring full reports.

Ross Apparently 'Flew the Coop' In Maryland Hunt

BALTIMORE, Dec. 13—(AP)—George F. Ross, 27-year-old accused police killer, burglar and dope addict, apparently had flown the coop today, evading the most intense manhunt in Maryland history.

FBI agents and state police officials said they were satisfied the dapper, little scar-faced hoodlum had left the area.

How he got out or where he went was anybody's guess.

A posse of 100 FBI men and 50 state troopers failed to flush him from the suburban countryside around Ellicott City where the search began late Monday night when Ross fired on two county police officers who surprised him sleeping in a car stolen in Ohio.

The only thing police were certain of was that Ross, wanted for the slaying of Cleveland traffic patrolman Forney L. Haas last Saturday, had been in the area. His fingerprints were found on a flashlight discovered in the woods Tuesday morning.

The manhunt ended officially yesterday afternoon after officers had combed the woods and patrolled the area thoroughly for 39 hours.

Bicycles Cut In Half

WASHINGTON, Dec. 13—(AP)—Bicycle production may be cut 50 per cent next year because of reduced steel allotments.

This could mean laying off 40,000 workers, industry spokesmen said.

World's Jet Ace Gets 4, Has Total of 12----

Yanks Win History's Greatest Jet Fight, Shoot Down 13 Red MIGs

U.S. FIFTH AIR FORCE, Korea, Dec. 13—(AP)—American Sabre jet pilots shot down 13 Red MIGs today, probably shot down two others and damaged one.

It was the greatest all jet victory in history.

Maj. George A. Davis, Jr., of Lubbock, Tex., the world's foremost jet ace, shot down four MIG-15s. That ran his total kill over MIG alley in northwest Korea to 12 planes, including nine MIGs.

The day's bag was run up in two battles.

Not a single Sabre was lost, the Fifth air force said.

In the morning Sabres of the crack Fourth Fighter - Interceptor wing shot down four MIGs and damaged one. In the afternoon they knocked off nine more and reported two probables.

Davis got two in each fight.

The incredible ace of aces said in the morning he spotted 20 Red jets, and:

"I just led my 12 planes into the middle of them.

"We fought until we were low on fuel.

"I got one right away."

The Red pilot bailed out as his jet went into a spit. Davis got his fourth jet for the day near the end of the battle.

"The pilot didn't get out of that one," Davis said.

School Board Votes to Hike Athletic Funds

Increase by $600 The Funds Available To Hubbard and S-C

Members of the Sedalia board of education, voted to increase the athletic budget for the current year for Smith-Cotton and Hubbard high schools by $600 at the board's monthly meeting held Wednesday night at Smith-Cotton high school.

The appropriation was distributed with $360 going to Smith-Cotton and $240 to Hubbard. Both schools have encountered considerable difficulty financing their athletic programs.

Employes To Get Pay Early

In other business, it was decided to pay all employes for the fourth month of the school year Dec. 21. This is due to the fact that the opening of school was delayed one week in September, the fourth month of school does not end until Jan. 4. Teachers must sign an agreement to receive their pay stating that they will refund any unearned part of their salary for the fourth month if they should not teach the entire fourth month of the school year.

The board approved payment of bills totaling $19,702.68. Largest were payment to the Missouri Public Service company, $1,520.61 for November; Independent Plumbing company for work at Broadway and Hubbard, $824.68 and to the Brown - Strauss corporation, $1,620 for two fire escapes at Jefferson.

Attendance Totals 3,119

Dr. Heber U. Hunt, superintendent of Sedalia public schools, announced that the attendance at the end of the third month of school was 3,119. The average daily attendance was 2,941.6 with 100 tardies and 222-non-residents. There were 32 more enrolled at the end of the third month than were enrolled last year for the same month.

Accept Two Bids

Bids were accepted for the installation of a metal ceiling in the northeast basement room at Jefferson and for placing of new lights in the room. The Queen City Electric company was awarded the lighting contract with a $55 bid and the Anderson sheet metal company was awarded the metal ceiling contract with a $65 bid.

Decide on Gym Charges

At the November school board meeting the cost of lights, gas and water was discussed in connection with opening of buildings at night for activities without school sanction. It was estimated that grade schools with gyms cost on the average of $5.50 to open and schools without gyms cost $3.75 and Smith Cotton cost $15. It was decided that as long as funds were available, public school buildings should be used by the community for as small a charge as possible. In the past it has cost $1 an hour for janitor service. However, organizations charging admission should pay a reasonable amount for the use of the buildings, according to Supt. Hunt.

Motion was made and approved to make final payment to the Elwood Thompson Plumbing company and Queen City Electric company for contracts on the new additions of the local schools.

Present at the meeting were board members Palmer Nichols, Dr. Floyd Lively, Frank W. Hayes, A. L. Hawkins, Harry Brougher, Herman Bloess, and Dr. Hunt.

Priests Say No Longer Need for Missionaries Remaining In China

HONG KONG, Dec. 13—(AP)—Two American Catholic priests, newly freed from Red China prisons, said today there was no longer any sense in missionaries remaining in China.

The Rev. Thomas Stephen Langley, 47, of Framingham, Mass., who served 13 years in China, arrived in this British colony Wednesday after a public trial by the Reds in Kwangsi province, South China.

He said during the trial he was forced to kneel with a rope looped around his neck and stretching to his hands which were bound behind his back.

Vets Pay Cab Fare Of $100 to Get Home

VERGENNES, Vt., Dec. 13—(AP)—Three army infantrymen were in such a hurry to get home yesterday after 13 months in Korea that they hired a cab to take them the 220 miles from Boston to Vergennes.

The six-hour trip cost Cpls. Willard C. Blair and Richard Hall and Pfc. Alfred Robarge a total of $100.

Buddies Are Home For Yule; Will Be Buried This Weekend

TOLEDO, Ohio, Dec. 13—(AP)—Two Marine Corps buddies who had told their parents they would be "home before Christmas" will be buried side by side here this week-end.

Pfc. Chester A. Krolak, Jr., 21, was killed in Korea last June 16, and his pal, Pfc. Louis P. Kwader, 20, died of wounds the next day. They left for overseas together in April.

Call Officials Of Auto Firms Into Inquiry

'Five-Percenter' Phase Is Dropped For Present Time

DETROIT, Dec. 13—(AP)—Congressional investigators set aside the "five-percenter" phase of their government expenditures inquiry today and called officials of big automotive companies to testify.

Representatives of General Motors, Chrysler, and a number of smaller firms were awaiting calls to the witness stand as a House subcommittee hearing entered its fourth day.

The congressmen, headed by Rep. Porter Hardy (D-Va), are examining government procurement policies. Hardy contends the government has spent $305,000,000 more than necessary in the past three years by buying from middlemen instead of basic manufacturers.

Testimony so far has brought out that in numerous cases the basic manufacturers of military vehicle parts have refused to bid on contracts to supply those parts, or have submitted bids far too high to be accepted.

As a result, either assemblers of those parts—sometimes the big auto companies and sometimes middlemen with no production facilities at all—have walked off with a large share of the defense business.

Samuel S. Willis, a manufacturers' representative, told the committee yesterday that "too much red tape" discourages many small manufacturers from attempting to do work directly with the government. They prefer, he said, to let some agent familiar with complex government procedures handle the paper work for them.

"Any small manufacturer who bids without consulting his attorney first is flirting with bankruptcy," said Willis.

A former employe of the army's big ordnance tank - automotive center (OTAC) said he had made $14,150 in the past six months by obtaining government contracts for a string of clients.

George F. Day, a $6,200-a-year inspector at the center for ten years, said he was paid $10,000 a year from each of two companies and worked on a five per cent commission for several others.

Navy Expects to Have Atomic Sub by 1954

WASHINGTON, Dec. 13—(AP)—The navy expects to have its atom-powered submarine ready in 1954.

The keel of the craft, which may revolutionize undersea warfare, is expected to be laid next spring. The Electric Boat Co. of Groton, Conn., has the contract.

The Atomic Energy Commission, Westinghouse Electric Corp. and Argonne National Laboratory are jointly designing the craft's atomic engine.

HST Promises Drastic Action To Clean House

Indiates He Will Set Up Special Group To Fight Corruption

By the Associated Press

President Truman today promised what he called continued drastic action to clean house in government.

* * *

The President indicated he would set up a special agency to fight corruption, telling reporters at a news conference they would learn something later in the week.

* * *

The special House ways and means subcommittee inquiring into handling of tax matters by the bureau of internal revenue and the justice department heard further testimony from Bert K. Naster, of Florida. Naster accused Abraham Teitelbaum, Chicago lawyer, of "concocting" the story about an attempted $500,000 shakedown which Teitelbaum said was engineered by Naster and Frank Nathan, also of Florida.

* * *

Charles Oliphant, former chief counsel of the internal revenue bureau, who quit his post after Teitelbaum testified about a Washington "clique" which he said sought "soft touches" like himself, was expected to follow Naster to the stand. In his letter of resignation Oliphant blasted at "base and scurrilous" charges which he said made his continuance in office unendurable. He demanded an immediate opportunity to reply to Teitelbaum, then obtained a delay of several days.

* * *

Early this week Revenue Commissioner John B. Dunlap reported that 113 officials and employees had been fired or forced to resign from the scandal beset tax service so far this year. This compared with 40 employees turned out during 1950 and 36 in 1949. In addition, T. Lamar Caudle has been fired as assistant attorney general in charge of the tax fraud division.

Recalling congressional inquiries earlier this year into the Reconstruction Finance corporation's activities, E. Merl Young, whose wife's mink coat was a highlight in the investigation, went before a District of Columbia grand jury for a second time today. Young is a former RFC official who had White House connections and Mrs. Young formerly was on the White House secretarial staff. The grand jury is studying questions involving possible perjury as developed by the Senate investigating committee.

Lillian Bahner New County 4-H Council President

Lillian Bahner was elected president of the Pettis county 4-H Club council at a meeting held at the Pettis county courthouse Dec. 11. She succeeds Emmett Fairfax, who has served in that office the past year.

Other officers elected were: Jody Raine, vice-president; Betty Wolfe, secretary; John Williams, treasurer; Howard Brown and R. D. Kahrs, game leaders; Rudy L. Vajen, reporter; Ralph Viebrock, parliamentarian, and Jincy Dunham, song leader.

Emmett Fairfax presided at the meeting. Other business included a discussion on how to improve leadership and a motion was made to select a date for the square dance.

Tax Collectors Here Vying With Santa to Get Folks' $$

Santa Claus might have an even gayer time if it wasn't tax-paying time in the city and county. Even at that, though, reports here are that the old fellow with the white whiskers is doing pretty well.

But, so are the tax collectors.

Sedalians have been steadily paying their city taxes, according to Paul Alpert, city collector and Miss Hazel Palmer, county collector, says the collections in her office are running about the same as a year ago.

Collector Alpert reports his collections for 1951 are somewhat ahead of the same period a year ago and adds that $1,643.50 in delinquent taxes have been paid.

City taxes on the books for 1951 are $257,867.83 in the following breakdown: Real estate $185,258.85 and personal $56,662.78; merchants ad valorem tax $15,946.20 and one corporation tax of $1,950.73, being the Sedalia Water Co.

Mr. Alpert reports collections up to the first of the week for 1951 at $146,459.19.

Miss Hazel Palmer reports collections at $507,753.70 which include corporation taxes of about $1,000.

The 1951 tax on the books in Miss Palmer's office, not counting delinquent taxes, are: Real estate $666,087.97; personal $232,624.45; merchants ad valorem $34,175.69 and corporation taxes of $187,061.91, a total of $1,119,950.02.

She expects practically all corporation taxes to be paid by midnight, Dec. 31, and a good portion of the other taxes are expected to be paid by then.

At present there is a bill on the desk of Gov. Forrest Smith, which, when signed, will make it a law that before a person can obtain a state license for the individual's automobile, the personal taxes of that individual must be paid.

Revise Dirarm Proposal

U. S., Britain, France Present New Plan With Basic Ideals Of Original Effort

PARIS, Dec. 13—(AP)—The United States, Britain and France introduced in the United Nations today a revised disarmament plan. It retains basic ideas of their original proposals but makes some changes on secondary issues in an effort to reach an agreement with Soviet Russia.

The new resolution left unchanged the major western demands for closely supervised, step-by-step arms cuts. The big three also refused to bow to the Soviet Union's insistence that the atom bomb be prohibited immediately.

Lose Chance to Explain

The resolution was circulated to the delegations today, but U. S. Ambassador Philip Jessup lost a chance to explain it publicly this afternoon because the 60-nation political committee cancelled its scheduled session so that delegates could attend the General Assembly meeting. Jessup will speak tomorrow.

Comparison of the new text with the original shows that almost every paragraph has been changed, although in some cases there was only minor modification of wording.

The General Assembly, meanwhile, again deadlocked in voting to choose between American-supported Greece and the Soviet Union's Byelo (White) Russia for the 11th seat on the Security Council.

15 No Decision Ballots

Eight ballots last week failed to settle the issue. When seven more today still brought no decision, Assembly President Luis Padillo Nervo suspended further voting until next week.

On the 15th ballot Greece had 36 votes, White Russia 23. Forty votes are required for election.

The western powers planned to submit their disarmament revisions to the assembly's 60-nation political committee at the session starting at 3 p.m. (9 a.m. EST) today. The text of the revised draft was not immediately available, but a high western source said that it would make the following concessions:

New Concessions Made

1. The proposed disarmament commission—to which Russia and the west have agreed—would be directed to report to the U. N. by June 1, 1952, on ways and means of ending the world arms race. Soviet Foreign Minister Andrei Vishinsky had objected because the original western plan fixed no date for the committee to report.

2. The proposal for retention by each nation of forces "necessary for defense" changes to meet the Russian insistence on different standards for primarily land powers such as the Soviet Union and such sea powers as Britain.

3. The section dealing with the standards to be set up to determine armslevels is given a "more neutral phrasing."

4. The revision defines more specifically what the western powers mean by "countries with substantial armaments," which the Russians have rejected as a vague phrasing.

Husband Fears He Threw Wife Into Miss. River

DUMAS, Ark., Dec. 13—(AP)—Sheriff Robert S. Moore said a man had come to his office and expressed fear that he had thrown his wife into the Mississippi river.

The sheriff said last night that Cecil Rice, 56-year-old ice plant operator, had surrendered to him and told this story:

He began drinking early Tuesday and recalled nothing clearly since that time. But sometime Tuesday he saw his wife, Agnes, 32, lying on the floor of their home here, either unwilling or unable to talk to him.

He bundled her up in a quilt, drove about 35 miles to Arkansas City and dumped her into the river.

Sheriff Moore said Rice showed them the spot where he thought he had thrown his wife into the river and that there were marks on the bank indicating something had been dragged.

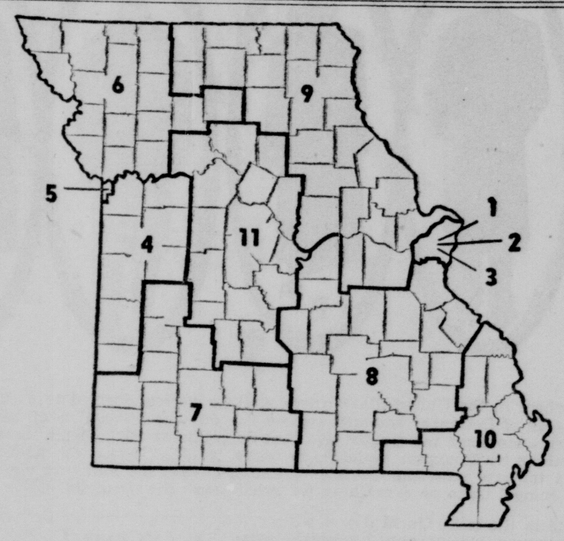
The sheriff said Rice's story "looks like its true, but we haven't got enough information yet to charge him."

1 Missing, 2 Burned In Fargo Hotel Fire

FARGO, N. D., Dec. 13—(AP)—A retired school teacher is missing and at least two other person suffered burns today in a hotel fire that chased 200 persons, many in night clothing, into 13 below zero weather.

Flames broke out on the third floor of the five-story Earle hotel about 7 a.m. and spread rapidly. The missing woman, who occupied quarters on the third floor, was identified as Miss Katherine Morton. Hotel employees said Miss Morton is crippled.

Guests, many shivering in nightshirts and pajamas, fled to the Northern Pacific railway station across the street.



CONGRESSIONAL DISTRICT PLAN SENT TO GOVERNOR —This is how Missouri would be divided for its congressional districts under the new plan passed by the House Wednesday and now on the desk of Gov. Forrest Smith. AP Mat Service)

Pettis Shifted Out of Sixth To 11th Congressional Dist.

Pettis county would be in the 11th congressional district under the new redistricting plan which passed the Missouri House this week and is now on the governor's desk. The plan is the object of much controversy and Republicans are considering calling for a referendum vote. If that occurs, all candidates for Missouri's 11 congressional seats would run at large in '52.

The new set-up, designating the counties for the new districts, varies greatly from the former plan. This is due in part to the necessity for the state to reduce from 13 to 11 the number of congressmen from Missouri. The cut comes as a result of the 1950 census which showed Missouri had not kept pace in its population increase with other states

Now In Sixth District

Previously Pettis was in the sixth congressional district. In fact, Pettis currently is in the sixth since it will continue to exist until the new plan is adopted — or some other plan gets approval.

In the sixth district with Pettis are: Cass, Johnson, Bates, Henry, Vernon, St. Clair, Cedar, Barton, Polk and Green counties.

Shifting Pettis from this west-central area, the new 11th district would make Pettis a component part of a central area with these other counties

Others In New 11th

Carroll, Chariton, Randolph, Saline, Howard, Boone, Cooper, Moniteau, Cole, Morgan, Miller, Camden, Benton, Hickory, Dallas and Laclede. Most of these are now in the present district.

Counties other than Pettis now in the sixth district are being shifted to the fourth and seventh districts under the new plan: Cass, Johnson, Bates, Vernon, Barton and Henry to the fourth, with part of Jackson county and Cedar, St. Clair, Polk and Green to the seventh district.

Preparing Report On Sedalians' Visit To Rail Officials

A committee of Sedalians visited presidents and other officials of the Missouri Pacific and MK&T railroads in St. Louis Wednesday and Mayor Herb Studer is now preparing a report on the visits for the people of Sedalia. The report probably will be printed in Friday's Democrat.

In the group making the trip were: Mayor Studer; Jack Cunningham, president of the Chamber of Commerce; Chet Brown, executive manager of the C. of C., Bill Donath, president of the Federated Shop Crafts; Jack Lobaugh, assistant chief booster, Roy Fender, Earl Paxton and Frank Hannegan.

They called upon: P. J. Neff, chief executive officer of the MoPac, Pres. D. C. Frazier of the MKT, and these other MoPac officials: Mr. Christy, chief mechanical officer; A. A. Taylor, head of the purchasing department; Roy Fullerton, store department superintendent, and Mr. Bales of the store department.

Truman Will Send Up Clark's Nomination

WASHINGTON, Dec. 13—(AP)—President Truman said today that when Congress meets next month he will send up the nomination of Gen. Mark Clark to be ambassador to the Vatican. It will be up to Congress to take whatever action it sees fit, the President told reporters.

Mediators Into Steel Wage Negotiations

Federal Chief Asks His Men to Confer With Union-Industry

WASHINGTON, Dec. 13—(AP)—The federal mediation service today moved into the steel wage negotiations at Pittsburgh.

Mediation chief Cyrus S. Ching announced that he has asked Clyde M. Mills, assistant director, and Walter A. Maggiolo, acting general counsel, to confer with representatives of the CIO steel workers and the steel industry.

Ching said the two would meet with the representatives today and tomorrow and report back to him on the status of negotiations.

The CIO union and U. S. Steel Corp., bellwether of the industry, have been negotiatiing on a new contract for three weeks.

The union has said publicly that it wants a substantial wage increase over the average hourly $1.95 pay that its million members now earn. It also is seeking a union shop, a guaranteed annual wage, and improved premium and incentive pay.

The same demands have been presented to most of the other steel producers, who usually wait for a U. S. Steel settlement to follow as a pattern.

The contract between U. S. Steel and the CIO is due to expire Dec. 31, leaving the workers free to strike.

A spokesman for the mediation service said Ching's announcement is a "formal preliminary step" on the part of the service.

Asked if this meant that negotiations have struck a snag, he declined to comment.

Queen of Rose Parade Is Blue-eyed Blonde

PASADENA, Calif., Dec. 13—(AP)—The queen of the Pasadena Tournament of Roses Jan. 1 will be blonde, blue-eyed Nancy True Thorne. Her selection was announced today.

She's 17 years old, a junior at Pasadena City college. Her father Chester Johnson Torne, came here from Kokomo, Ind., and is a sales representative of a New York publishing firm. Her mother, Louise True Thorne, was born in Forest City, Iowa.

The 43rd queen of the tournament was chosen from among 3,000 students. Nancy has a B-plus average, majors in mathematics, plans to enroll in Stanford to study architecture.

Her measurements: Five feet, six inches; 124 pounds, bust 34, waist 25, hips 35.

Mo. Highway Chief Outlines Problems for Kiwanis Club

The problems of highway builders trying to keep up with growing highway traffic and improved highway standards were outlined in a talk by Rex. M. Whitton, chief engineer, Missouri State Highway department, before the Sedalia Kiwanis club meeting in Bothwell hotel Thursday noon.

Mr. Whitton was introduced by program chairman George Dugan, who attended the University of Missouri with him in the early 20's. This was their first meeting since then.

The chief engineer's talk in detail will appear in Friday's Sedalia Democrat.

Special club guests were those who participated in preparing the prizewinning Kiwanis float in the Christmas parade, supporting the Tuberculosis Society program: Mrs. A. A. Ferguson, Mrs. Everett Wing, Miss Mabel Chambers, Miss Naomi Beuchke, William Cooper, Mrs. Alice Crawford and Mrs. Eva Moen. Mrs. Eula Spencer and James Sherman were unable to attend.

President T. H. Yount, on behalf of the club, presented $25 of the prize awarded to Kiwanis for the float to Herbert Seiffert, president of the Pettis County Tuberculosis society.

Mr. Yount also called attention to the Kiwanis annual Christmas dinner party to be held in Bothwell hotel at 6:30 Wednesday night, Dec. 19, for which reservations were asked.

Guests Thursday were: Kiwanian Sam Sinderson, Kansas City, with C. L. Hanley; Kiwanian William Odum, Marshall; and George Mowerer and Maurice Stewart, Jefferson City, with Pinkney Miller.

Big Tank Collapses, Kills Four

3 Million Gals. Water Over Town, Destroys 2 Business Places, At Least 15 Homes

TUCUMCARI, N. M., Dec. 13—(AP)—A 3,000,000-gallon water tank collapsed before dawn, killing four persons and caused damage estimated in millions here today.

Giving way with a deep rumble the tank loosed a flood through the business district about 4:10 a. m. MST. The cause was not determined.

Water up to waist deep spread devastation over an area three blocks wide and, in a lessening degree as the distance grew, a quarter mile long. The scene was likened to one hit by a bomb.

Two business places, the city warehouse and about 15 homes, mostly of adobe (mud brick) were laid waste. Another establishment, a motor firm, was damaged by water.

Recover Four Bodies

Rescuers, including quickly mobilized National Guardsmen, recovered four bodies and there were no reports of any persons missing.

The last to be found, a boy 3 or 4 years old, was under a 250-foot section of the tank.

The dead:

Deal Elliott, about 60.

A Mrs. San Miguel and her small son.

Steve Gallergos, about 14.

Two others were hospitalized with undetermined injuries.

Damage was centered in a section containing homes of Spanish-American families and some business houses.

'Looked Like a Bomb Hit'

"In the center, it looked like a small bomb had hit," said Editor Walt Rogal of the Tucumcari Daily News. "The damage was heaviest about 25 feet from the center of the area and gradually faded out after 75 to 100 feet."

Police said sheriff's deputies found a woman praying in the first wrecked dwelling they reached.

Henry Fokes, working about 400 yards distant in the Southern Pacific railroad yards, said:

"I heard a slight rumble, but no loud explosion. I walked toward the noise and saw everything in God's creation floating down Main street."

Sounded Like Jet Plane

"It sounded like a jet plane going over the house," said Mrs. Claud Moncus, wife of the sheriff.

She was asleep in an apartment over the court house, only a block from the tank.

Sheriff Moncus said the National Guard was taking over rescue operations and the highway department is rushing equipment and supplies.

Find No Attempt To Bribe Witness In Murder Case

FORSYTH, Mo., Dec. 13—(AP)—A Taney county grand jury has found no truth in rumors of an attempt to intimidate and bribe witnesses in the Charlie Cobb murder trial.

Yesterday, Circuit Court Judge Tom R. Moore of Ozark, said the jury had returned a judgment of "no true bill" after a three-day investigation. He said evidence failed to show witnesses in the case had been bribed.

State Attorney General J. E. Taylor had requested the grand jury investigation.

In the case, more familiarly known as the "mortgaged cow" murder trial, a Christian county circuit court jury found Arthur Clark guilty of first degree murder; Mrs. Ruby Cobb, the victim's wife, pleaded guilty to first degree murder as an accomplice; Mrs. Omar Clark, Arthur Clark's wife, also pleaded guilty as an accomplice in the plot to kill Cobb.

A fourth defendant, Clarence Wood, 68, of Forsyth, had been charged with first degree murder in the trial as an accomplice but hasn't been tried yet.

Mrs. Cobb testified in an earlier trial she "mortgaged" two cows for $600 to hire the killing of her husband.

Thought for Today

Whatever that be, which thinks, which understands, which wills, which acts, it is something celestial and divine; and, upon that account, must necessarily be eternal. Cicero.

You, Nor Anyone, Will Know If You're It

ANYBODY YOU KNOW?—Somewhere in the United States there walks a person doomed to a sudden death. He, or she, will be killed by an auto during the third week of December and will assume the dubious distinction of being the nation's millionth traffic fatality. The National Safety Council announced ten months ago that the millionth traffic death since autos came into use would occur late this month. Now, despite everything traffic experts could do to stave it off, "D-(for death)-Day" for the millionth victim is approaching right on schedule. It's too late now, the Council concedes, to save the millionth victim. But the staggering impact of the figure should compel us to do everything we can to curb the slaughter of the second million.

CHICAGO, Dec. 13 — (AP) —The nation's toll of deaths in motor vehicle accidents soon will reach the 1,000,000 mark.

The National Safety Council says it may be reached on Dec. 21.

But nobody will be able to say with certainty that this man or that woman or child actually was victim No. 1,000,000.

Suppose the count reaches 999,999 at 1 p. m. Eastern Standard Time on M (for million) day. A half hour goes by without a reported fatality.

Then an automobile veers into a telephone pole in New York City. The driver, John Doe, the only person in the car, is killed. A traffic cop hustles up to the auto, notes that Doe is dead, and glances at his watch. It is 1:30 p. m. EST.

The death of Doe could be listed only as the 1,000,000th reported.

Motor vehicle fatalities average about 110 a day at this time of year. But, even if no others occur within a half hour, Doe could not be identified as actual victim No. 1,000,000.

Here is the basic reason why:

The council has compiled actual figures on fatalities since 1933. The statistics on deaths before that time are based on the best available records and round number estimates. They are not the actual figures.

The person listed as victim No. 1,000,000 might be — if the actual deaths before 1933 were known — victim 999,709 or victim 1,000,197.

(The council counts all deaths in accidents involving a motor vehicle — auto, bus, truck, motorcycle, motor bike, motor scooter.)

The council does not intend to name the 1,000,000th victim. It says its only purpose in promoting M day is to call attention to the rise in fatalities to the 1,000,000 mark in the hope that it will "crack the apathy" of the nation.

The council will make its final tabulation before the million mark is reached. It has been making weekly tabulations but its reporting machinery is not geared for daily gathering of fatality reports.

So, several days before M day, the Associated Press will start gathering figures on deaths across the nation.

The AP will file stories on the rise in the toll. On M day it will announce that its count has reached the 1,000,000 mark, and pass along the 1,000,000th name reported to it — if it is a single name.

It may be the mythical John Doe, killed in New York City at 1:30 p. m. EST.

But the 1,000,000th name on the list may not get there in such simple and dramatic circumstances.

The 1,000,000th name could be that of Richard Roe, who might die at 1:29 p. m. EST in a Chicago hospital of injuries suffered when he was knocked down by a motorcycle on Oct. 21.

There are many other possibilities.

Suppose the deaths of Doe and Roe are both recorded at 1:30 p. m. EST. Which could be listed as No. 1,000,000?

Suppose, with only one to go, three men are killed when their car rams into a truck on an Ohio road.

Or, with only one to go, a bus containing an unknown number of passengers skids off a mountain road in Colorado and plunges into a deep lake.

Whatever happens, the actual 1,000,000th victim, like the unknown soldier, will be "known but to God."

Odds and Ends By News Staff

Little Kelly has a new brother and that relieves Santa Claus of bringing him one.

"Santa Claus was going to bring me a little brother or sister" he told his grandmother, "but now he won't have to—I already have a little brother."

Well, that is a pretty big gift off Santa's list—now he will have to think up something else—but—with the string of things Kelly can think of that he wants, Santa won't have any trouble.—H.L.

Marsha is just one ahead of dad—but she usually is.

He thought after he spanked her little brother for something he did to her and the next minute little brother was screaming over something she had done to him that he would just give up and not try to understand her—but now she pops up with something else.

Its all about the old man with the white whiskers—Santa Claus.

We just talked too much, said papa. We talked about gifts we were going to give grandma and granddad and other members of the family—even discussed what we going to give each other with some of the family—then up speaks Marsha. Why weren't we going to give gifts to her and her brother if we were giving to everybody else, she asked.

The father tried to explain that Santa was bringing the gifts for the children—which of course she already knew—but those were Santa's gifts—after all there should be gifts from the family, too.

Poor papa. "She is a lot smarter than I was," he said in a perplexed tone, but what papa doesn't realize is that he was just a little boy and she is a girl and from the time they can talk they are figuring out how to get what they want and more of it. They sure know how to work their dads and that is why they know how to work husbands when they grow up—by that time they have had so much experience that hubby doesn't stand a chance. He just buys what she wants and pays for it, for after all that is just about the only thing he can do—he knows she will wiggle it out of him one way or another so, he just buys it in the first place and saves argument. And that is just what papa is going to do with Marsha—he will add his own gifts to those of Santa and Marsha will have a big Christmas.—H.L.

Snookums is a black cocker spaniel who belongs to a family named Cummins, who operated a grocery and lived above it. Snookums was in the habit of just dashing down the steps and into the grocery store when she got hungry and there at the meat counter she would be given something to eat. She would take what was given and go into the back room of the store to eat.

Then the Cummins family sold the store and moved, much against Snookum's better judgmen. Snookums didn't want to move and at first she thought she just wouldn't—but after several days she decided that as long as the rest of the family had made up their minds to move to another place there wasn't much she could do but go along.

But even after she moved there was still something back there that belonged to her—the meat counter at the grocery store. Every day she goes back to the store, watches her chance to get in and then goes to the meat counter where she wags her tail until somebody sees her and gives her a bone or something. Then she goes into the back room of the store to enjoy her feast.

Snookums had a great annoyance one time. It seems that the family also has a black cat that had kittens. She got along very well with the black cat but the kittens came in for just a little too much attention — she just couldn't help being jealous and she felt she should do something about it, so she took those pesky kittens out and put them on the trash pile—just where the rubbish belongs.

Well, Snookums believes in the old saying if you want something done—do it yourself.—H.L.

Pleasant Homemakers Enjoy Yule Party

The Pleasant Homemakers Extension club, La Monte, met at the home of Mrs. Wade Forbes. Gifts were exchanged and names for Sunshine pals for the coming year were drawn. A letter from Miss Watkins was read. Mrs. Junior Rainey led the various games and singing of Christmas Carols. Refreshments were served.

Mrs. Melvin Dinky joined the club and Mrs. Marvin Ayres and children, Houston, Tex., were visitors.

The January meeting will be at the home of Mrs. Houchens.

Vice Cost Rises

SINGAPORE — (AP) — The cost of vice is increasing in Singapore. Young girls and women are going up in price on the market.

Racketeers are paying as high as $550 for the purchase of a 17-year-old girl for prostitution purposes. Plenty of easy money and the soaring cost of living have resulted in increased sales of women by poorer families.

"We cannot wipe out prostitution," said an anti-vice officer, "but we can make things difficult for the operators." There have been many cases of girls under 18 used for prostitution. Reports tell of 14 and even 7-year-old girls found in brothels. They had been sold into prostitution.

Law Abiding Bookies, In Britain, Upset

LONDON, Dec. 13—(AP)—Bookies—illegal characters in most of the United States and some other lands, but law-abiding citizens in Britain—met last night to protest that they are misunderstood.

Several members of Parliament and some of the leaders of the horse racing and dog racing world attended the bookmakers banquet and praised the bookies as very virtuous indeed.

Many bookies are alarmed because Britain is confounded at the moment by horse doping scandals. It is alleged that several distinguished horses with names that are household words ran in a peculiar manner lately.

Some obviously were slower than they should have been and some ran faster than anyone could believe.

Charges being aired in the newspapers say that some unscrupulous fellows did dirty work with pills which made the horses run below or above their form, depending on whether it is a slow pill or a fast pill.

An eye of suspicion was cast on the bookies. And the honorable secretary of the bookies association, D. M. Summers, vigorously defended his colleagues.

"One newspaper this morning provides its own simple solution of the (horse doping) problem with a blaring headline, 'Ban the Bookies'," said Summers. 'I do not put it beyond the reals of possibility that tomorrow's headlines will invite readers to 'Jail the Jockies,' 'Terrorize the Trainers' or 'Hang the Horses.'"

Dances Arthritis Away

LOS ANGELES — (AP) — Mrs. Nellie Anderson, 84, took up ballet dancing a year ago to seek relief from arthritis.

"It worked, too," she says. "I haven't been back to my doctor since." The gray-haired mother of four married daughters said that before she turned to ballet she had spent six months in a wheel chair and doctors "had all but given me up as a hopeless invalid."

Afraid the arthritis would spread from her legs to other parts of her body, she joined a mother and daughter ballet class and does many of the intricate sequences of the art. Her instructor, Madame Kathryn Etienne, says Mrs. Anderson performs right along with women 40 or 50 years her junior, but "I still won't let her toe dance."

Teen-Agers Learn Driving

DETROIT, Mich. — (AP) — Teenage automobile drivers are learning in school courses how to do a better job behind the wheel.

Nearly 8,000 high schools, 40 per cent of the total, offered either classroom or classroom and practice driving courses. A total of 662,370 or 43 per cent of those eligible, participated, according to a report issued by the Association of Casualty and Surety companies covering the 1950-51 school year.

The report showed an increase of almost 18 per cent in the number of students participating over the previous year, and an increase of 10 per cent in the number of schools offering driver-training courses.

Acheson Will Tell Truman About NATO

WASHINGTON, Dec. 13—(AP)—Secretary of State Acheson, praised by President Truman for a "great job" in his six weeks of international conferences in Europe, reports in detail at the White House today (12:30 p.m. EST) on how he finds the state of the world.

Acheson flew in last night from the Paris meetings on the United Nations and the Rome sessions of the North Atlantic Treaty Organization (NATO) council. At Paris, the United States proposed a world disarmament plan that Russia rebuffed. Acheson said at New York last night that it "could well be a turning point in history" if Russia would decide to accept it.

"When the situation becomes stabilizer the Russians will recognize it and will be able to talk," he said. At another point he said he hoped that by early February, when a NATO meeting will be held in Portugal, "we will have made real progress toward formation of a European army so that real decisions can be made."

Mr. Truman turned out in wintry weather last night to welcome Acheson and Secretary of the Treasury Snyder, who has been attending the NATO meeting in Rome. The President told them both:

"You've done a great job for us."

Acheson's work schedule today called for him to get an eary morning briefing from State Department aides on current problems, including Korean truce negotiations, and then to go to the White House.

It was expected that Mr. Truman would want a full report from his secretary of state first of all on his impression of conditions in Europe and particularly on progress in the North Atlantic treaty defense buildup.

Gleaners Class Has Supper at Kriesels

The Gleaners Sunday school class of the Open Bible enjoyed a chili supper Monday night, Dec. 12, at the home of Mr. and Mrs. Leo Kriesel. There were 26 members present.

After the supper a short business meeting was presided over by the teacher, Mrs. Roy Parker, followed by prayer and singing of Christmas carols. Alvin Gamber read the Christmas story from the Bible. It was voted to fix Christmas baskets to be distributed to needy families. A committee was appointed to make plans for the next meeting to be held in January.

A Christmas gift exchange was enjoyed and after the exchange a time of Christian fellowship was enjoyed.

Columbia Bank Teller Held for Embezzlement

KANSAS CITY, Dec. 13—(AP)—Miss Mabel Fern Crump, was charged yesterday with embezzlement of $205 from the Boone county National bank, Columbia, where she worked as a teller.

The 40-year-old woman, an employe of the bank for 16 years, was arraigned before Charles H. Thompson, commissioner.

David A. Thompson, an assistant U. S. Attorney, said records of the bank showed a shortage of about $14,000 dollars over a four year period. Miss Crump was charged on only one count. Thompson said additional charges would be filed.

Court Makes Father Spend $25 on Yule Gifts For His Family

JACKSONVILLE, Fla., Dec. 13—(AP)—Christmas came early to criminal court yesterday with Judge William T. Harvey acting as Santa Claus.

Jimmie Cobb, young Jacksonville father of two children, pleaded guilty to a charge of drunkenness.

"I ought to fine you," the judge said. "Do you have $50?"

"No, sir," answered Cobb.

"Do you have $25?"

"No, sir."

"Well," said Judge Harvey, "can you scrape $25 together before Christmas?"

'I'll try," Cobb replied.

"All right," said the judge. "You get $25 together and spend it on your wife and kids for Christmas, and I'll suspend sentence on you. But if you fail, I'll bring you back to court and fine you. Now, merry Christmas."

UN Will Wait Week To Vote Again On New Council Member

PARIS, Dec. 13 — (AP) — The United Nations general assembly today suspended until next week its attempt to elect a new member to the security council after a record-breaking 15 ballots failed to break a deadlock between Greece and Yelo (White) Russia.

When today's balloting ended, American-backed Greece—with 36 votes to White Russia's 23—was only four votes short of the 40 votes, two thirds majority, needed for election.

This may foreshadow victory for the Greeks when the assembly tries to make its choice again next week.

6 Injured In Blast Downtown In Milwaukee

MILWAUKEE, Dec. 13—(AP)—Six persons were injured, one critically, in a violent explosion which ripped a section of a downtown gasoline filling station and tire store yesterday.

Cause of the explosion in the one and one-half story building owned by the B. F. Goodrich Co. was not determined by fire officials.

Police said a gas company serviceman said the blast occurred immediately after he lighted a cigarette.

Vote to Pool Steel and Coal Of Six Nations

PARIS, Dec. 13(AP)—The French National Assembly voted today to ratify the Schuman plan to pool the four billion dollar coal and steel industries of six west European nations.

The bill now goes to the upper house—the Council of the Republic—where rejection could only delay the ratification by sending it back to the Assembly for a second approval.

The Netherlands is the only nation so far to ratify the plan. The four other governments which agreed to the plan are West Germany, Italy, Belgium and Luxembourg.

Communists and the right wing of Gen. Charles De Gaulle voted today against ratification, which was approved by votes of 377 to 235, and 377 to 223.

Premier Rene Pleven made today's ballots both votes of confidence in the government. Had, he lost, he would have had to resign and make way for a new premier to wade through France's touchy political tangle in search of a cabinet.

The first vote was on the principle of ratification. Then came approval of the ratification bill itself.

In both cases the "yeas" were considerably more than the 310 votes which would be needed later to override any rejection by the upper council.

Pro-Mossadegh Crowd Marches Before Parliament

TEHRAN, Iran, Dec. 13—(AP)—Some 30,000 Nationalist supporters of Premier Mohammed Mossadegh massed before Parliament today and roared "death to the enemies of Mossadegh!" The crowd appeared menacing, but broke up later without violence.

Inside the Parliament building, the Majlis (Lower House) discretly decided to postpone until Sunday a public meeting originally scheduled for today. Instead they met in secret session.

Watchful police and troops lined the huge Majlis square during the rally, announced as a demonstration against "British intrigue."

However, most of the threats and vilification were directed at Iranian opponents of the aged premier who led the successful fight to nationalize Iran's British-controlled oil industry.

More than a score of trucks, filled with troops bearing rifles and machine guns, blocked the main gates to the Majlis.

Cinderella Again Honeymooning With Swiss Millionaire

TORRANCE, Calif., Dec. 13—(AP)—Martha Morris Devigier, the malt shop Cinderella, is honeymooning again today with her Swiss millionaire husband.

The whereabouts of Roland de Vigier, 28, and his 16-year-old bride are not known. A family spokesman said the couple would release a statement in Phoenix sometime soon.

They patched up their quarrel and left town Tuesday night, almost as suddenly as they eloped two months ago.

De Vigier met Martha in a Long Beach malt shop where she was waiting on tables. They eloped, toured Europe two weeks and returned last month. Martha filed suit almost immediately in San Francisco, asking $10,000 a month separate maintenance. This suit presumably will be dropped.

FOR COLD, COLD WAR—Michael Slauta, cold-weather clothing expert of the Army Quartermaster Corps, models a "revolutionary" new molded-plastic winter garment that will make combat soldiers unsinkable and keep them dry and warm through the most thorough drenchings. The two-piece suit is made of rubber-like plastic made buoyant by millions of microscopic air cells. Shown for the first time in Washington, D. C., the outfit passed preliminary tests in the Potomac River, but will undergo stiffer tests before being issued to troops. (U. S. Army photo from NEA-Acme.)

Uncover Murder Committed 1600 Yrs. Ago In Egypt

VANCOUVER, B. C., Dec. 13—(AP)—A murder committed more than 1,600 years ago in Egypt has been uncovered in the Vancouver museum.

The body of the victim, a 10-year-old boy, has been on display at the museum for more than 30 years.

It had been exhumed at the site of ancient Thebes where the Pharoahs and nobles of Egypt were interred.

Until six months ago, the mummy was believed that of a girl. Then it was x-rayed and museum directors announced it was a boy.

But the x-rays disclosed more, museum officials said.

The skin had been partially torn away from the skull. The left eye had been knocked out of its socket. One knee was dislocated and both thigh bones were broken. But the arms and fingers were unmarked.

It was obvious the boy had been murdered, probably by being swung from the legs and smashed on some hard surface. Had he died by accident, the arms would have been hurt.

Noel Robinson, president of the Vancouver museum, said the boy was undoubtedly of noble birth and possibly might have stood in the way of succession to the throne by an older and more powerful claimant, who decided to do away with him.

Egypt's King Orders Outfit of Baby Clothes

PARIS, Dec. 13—(AP)—Egypt's King Farouk has placed a big order with a Paris store for baby clothes. Date of delivery is not known.

The king married commoner Narriman Sadek earlier this year. His first wife, whom he divorced, had given him only girls, three of them.

Wants $5,000 Month Support From Husband

SANTA MONICA, Calif., Dec. 13—(AP)—RKO studio executive Joan Dietrich bought a 23-room house over his wife's objection, she says. Now she wants $5,000 a month support pending trial of her separate maintenance suit.

Mrs. Carol Dietrich, 48, told the court yesterday that her husband's purchase of the large home made it impossible for her to get a smaller place which could be operated more economically.

Kennie Miller Ends Year As Realtors' Head

The Central Missouri Real Estate board held its annual election and installation of officers at a meeting in Slater Wednesday night. Bernard Weyland, Boonville, was elected president to succeed Kennie Miller of Sedalia.

Charles Poston, Carrollton, was elected vice-president.

Miss Nellie A. Inman, Slater, was re-elected secretary. Miss Inman has been secretary of the association for the past five years, having been elected first at the time of its organization.

Miss Rose Leibbrand of Sedalia was elected as Pettis county's member of the board of directors.

President Miller presided over the meeting and introduced Miss Inman, who in turn introduced new members and guests.

Cecil Shopen, past president of the Missouri Real Estate association, a member of the board of directors of the Kansas City board and the state board, gave a short talk. Mr. Shopen was president of the state association, 1946-47, and fathered the Central Missouri board.

Frank Gilbert, St. Louis, president of the state association, was introduced by Mr. Shopen and he gave the principal talk of the evening.

Following Mr. Gilbert's talk, routine business was conducted. The nominating committee gave its report, followed by the election of the board of directors, after which the election of the officers was conducted.

President Gilbert installed the officers of the association.

Ninety members and guests were present.

OBITUARIES

Herman H. Myers

Herman H. Myers, 58, died at 9:25 p.m., Wednesday, Dec. 12, at the U.S. Veterans hospital, Wadsworth, Kas., where he had been a patient for the past two weeks.

Mr. Myers, a veteran of World War I, was born at Tipton, Jan. 15, 1893, son of the late Harry and Sarah Myers, and came to Sedalia when very young and made his home at 213 West Fifth a long term of years. He attended the Sedalia schools and when World War I came on, he enlisted and had service of 18 months overseas, most of which was in France.

On Aug. 18, 1919 he married Miss Sybil Long, who with two sons, James I. Myers and Major Herman A. Myers, both of Sedalia, two grandchildren, Tommy and Larry Myers, a sister, Miss Missie Myers, of St. Louis, survive. A brother, Clarence Myers, preceded him in death in 1943.

Mr. Myers was a charter member of Pettis County Post No. 16, American Legion, and participated actively in its various endeavors for a long period.

The body will arrive Friday morning and be taken to the McLaughlin chapel where the funeral will be held at 2 p.m. Saturday. The Rev. Walter P. Arnold, pastor of the East Sedalia Baptist church, assisted by the Rev. Glen Lindley of the Congregational - Presbyterian Federated church, will officialte Organ music will be by Mrs. Mae Moser.

Burial will be in Crown Hill cemetery.

Honorary pallbearers were: R. E. Hutchison, Tommy Veulmans, Frank Maloney, R. J. Ellis, E. L. Schroeder and John Evans. Active pallbearsrs were Mara Keevil, Vincent Keevil, Omar Siegel, Roger Kirchner, W. S. Poague and W. L. Lowe.

Burial was in the Syracuse cemetery. Arrangements were by the Richards funeral home of Tipton.

Funeral of John F. Borgman

Funeral services for John F. Borgman, who died at the Bothwell hospital Tuesday morning, were held at the Ewing funeral home at 2 p.m., Thursday. The Rev. Glenn Lindley, pastor of the Congregational - Presbyterian church, officiated.

Mrs. A. A. Studebaker sang "Abide With Me" and "Tell Mother I'll Be There," accompanied by Miss Mable DeWitt at the organ.

Pallbearers were Ralph Boies, Arthur Hoffman, W. E. Hurlbut, Henry Holst, Finis Nicholas and W. G. McMellen.

Burial was in the Crown Hill cemetery.

Arkansas Boy Found Safe In Wooded Area

LITTLE ROCK, Ark., Dec. 13—(AP)—Three-year-old Tommy Kendricko was found this morning, apparently unhurt after wandering overnight in a rugged wooded area 12 miles west of here.

Jerry Reuter, radio station KLRA of Little Rock, reported that searchers found the missing tot after an all-night hunt over wooded, rugged terrain.

The child had been missing since before noon yesterday. He was found about 10:30 a.m. today.

Reuter said Tommy appeared to have weathered the all night stay in the woods in good shape.

He was taken to a hospital for a checkup, though.

NAACP Election Friday

The Pettis county branch of the NAACP will meet at Quinn Chapel AME church Friday at 8 p.m. to elect officers and members of the board for 1952. Present officers are: the Rev. B. C. Brock, president; Mrs. D. F. Richards, secretary, and Dr. A. R. Maddox, treasurer.

Twins, boy and girl, to Mr. and Mrs. Lawrence Young, Clifton City, at Bothwell hospital. The boy was born at 7:26 a.m. Dec. 13, weighing four pounds, 13 ounces, and the girl at 7:47 a.m., weighing five pounds, eight ounces.

Son, at the Bothwell hospital, to Mr. and Mrs. Robert E. Stannard, 1002½ South Massachusetts, at 1:39 a.m. Dec. 13. Weight: eight pounds.

Magistrate Court

Joseph W. Terry, charged with grand larceny, waived his preliminary hearing Wednesday and was bound-over to the January term of circuit court. He was returned to jail after failing to make his appearance bond.

August F. Tegtmeyer was fined $100 and costs on a careless and reckless driving charge. He pleaded not guilty. Don S. Lamm was the defense attorney. Tegtmeyer was arrested by State Trooper Pete Stohr.

Harold D. Lamb, recently returned from Kansas City by Deputy Sheriff Lee Feaster, was fined $5 and costs on a bogus check charge. Lamb, who pleaded guilty, also was required to pay the outstanding check.

Police Court

The $25 bond of John R. Inglehart, 403 East Sixth, charged with careless and reckless driving, was ordered forfeited by Judge Trotter when Inglehart failed to appear in court. Inglehart was arrested following an accident in the 400 block on South Osage when his car and a 1951 Buick sedan, driven by Mrs. Bert Goldman, 812 West Seventh, collided. Mrs. Goldman was headed north on Osage and Inglehart was driving west out of an alley. Damage of more than $140 resulted to the Buick and slight damage to the 1934 Chevrolet sedan.

Eight overtime parkers failed to appear in court and their cash bonds were ordered forfeited, seven for $1 each and the other a $3 bond.

The case of Mrs. Anna Belle Rogers, 1001 East 17th, charged with having an unsanitary condition by having an overflowing garbage bucket in the alley behind her home, was dismissed in police court Thursday morning. The prosecuting witness, Henry Kirby, who made the complaint, failed to appear before Judge Jerry Trotter.

Judge Trotter heard remarks made by Sam Harlan, representing the defendant, and City Attorney James Durley, regarding such cases where a warrant is issued and the prosecuting witness failed to appear. Judge Trotter said "from now on a prosecuting witness will be served with a subpoena. Too many cases are filed in a moment of anger and dismissed when the prosecuting witness fails to appear," he said.

"I don't say this case is one. But too many cases result from spite, done to create embarrassment to a person by having them placed under arrest.

"This probably fulfills the ego of the prosecuting witness who does not realize the trouble caused the police, city police court and others. The use of the police court for spite is going to be stopped," Judge Trotter added.

Police Reports

Pat Moriarty, 38th and Ingram, reported a spare tire and wheel stolen off his car while parked in front of his home.

Mrs. James Reed, 1201 South Ohio, reported losing her pocketbook.

Mrs. Claude North, 617 West 15th, reported losing $21 Wednesday.

A door to the Freese-Rissler Dairy, Main and Prospect, was found unlocked at 10:30 p.m. Wednesday.

Here Visiting Sister

Mrs. Dolly Atkinson of Eldon is here for a visit of several days with her sister, Mrs. W. J. Lowry, 921 East Sixth, who is ill.

SERVICE . . . MAN!—Master Sgt. Harry E. Whitaker of Appalachie, Va., recruited more men for the Army and Air Force than any other recruiter in the Chicago area. His reward was a week-end of luxury in a Chicago hotel for himself, his wife and baby daughter. As an added touch, Maj. O. T. Lowe, officer in charge of recruiting in the area, plays waiter for the Whitakers.

Hal Boyle's Column----

Once Upon a Future Old Men Went to Fight, Saved Youths

By Hal Boyle

NEW YORK, Dec. 13—(AP)—Once upon a future time a great war was declared.

But this time the old men of both sides demanded:

"Why should the scarlet blood of youth be wasted? Why should young men in the flower of their promise die upon the battlefield to save us? Our course is about run anyway, and it won't make so much difference if we are lost. Send us into battle."

The young men thought that was a fine idea, too. It would be nice to stay home from war for a change. It had never happened in history before.

So both sides made an unofficial gentlemen's agreement to summon only oldsters to arms. Thus began what was later known as "the war of the codgers."

The first draft call was for men over 70. They made a fine, heart stirring sight as they paraded through the streets in uniform, stamping their canes, bending to kiss their grandchildren farewell.

They fought their best. But they couldn't climb the hills, and the artillery was so noisy at night it kept them awake and wore down their strength.

At the end of six months the battle lines hadn't changed an inch. There were more soldiers in the hospitals than on the front. The rheumatism cases outnumbered the combat casualties 30-to-1. Six men over 80, convicted of desertion, said: "To hell with it." And the people began to grumble:

"What kind of war is this? We are not getting anywhere."

By another gentlemen's agreement both sides then lowered the draft age to 60. Defense industries quit making canes and began grinding out bifocal glasses.

(MORE TOMORROW)

But in another six months the army hospitals were full of soldiers who had come down with heart attacks AFTER climbing the hills and the people complained:

"Millions of pensions — but not a single victory? Is this warfare?"

So the draft age was lowered again — this time to 45. For the first real infantry fighting developed. Yet after six months the hospitals again were overflowing —now with more ulcer victims than the bullet-wounded.

"We're not a foot nearer peace —but we're galloping toward bankruptcy," the people jeered. All except the young men. They just looked more and more uneasy.

For they had seen the "war of the codgers" become a war of the middle-aged.

One day a prisoner under 30 was taken.

"I just sneaked along after my old man," he explained. "He's got varicose veins and I just wanted to help him back if he couldn't make it. Well, yes, I was carrying a shotgun when he caught me. But was just looking for quail. You know I wouldn't shoot at you fellows — why, I'm too young for the draft."

But the enemy commander did not believe him. He flashed back word to higher headquarters:

"The other side has broken the rules. They are slipping younger soldiers into the line. Are we going to stand for this?"

Soon both sides were putting younger volunteers into action. And soon after that the gentlemen's agreement collapsed completely.

The bugles in both lands blew for all boys over 18. And the young men shouldered their rifles and said, "We knew all along it was too good to be true."

They kissed their mothers and sweethearts — their wives and children and sisters — and marched in long columns toward the front.

The blood of youth again flowed in a scarlet tide. And the war became like any other war.

The Inquiring Reporter Asks . . .

The Democrat's Inquiring Reporter today asked this question:

"What are the things that make a marriage happy?"

Answers were given as follows:

Mrs. Charlie W. Hurt, 325 North Quincy: "Love is one thing and you have to have faith and the feeling you can depend on the other."

Mrs. Guy White, 1214 East Tenth: "You have to give and take and the ups and downs in life help to make it happy."

Kenneth Anderson, 906 West Fifth: "Compatibility and make a 75-75 deal, giving a little more than you expect in return."

Mrs. Jack Gentry, 1805 South Ohio: "Love, understanding and agreement all help."

Mrs. C. E. Whitley, 1319 East Fourth: "To make a marriage happy it has to be a 50-50 proposition with both pulilng together."

Mrs. F. C. Wilhite, 311 West Seventh: "The main thing in making a happy marriage is for the couple to be congenial."

No Korean Comment By Truman Today

WASHINGTON, Dec. 13—(AP)—President Truman would not discuss the Korean truce negotiations for publication at his news conference today. The question came up, but his brief answer was made off the record.

Reporters said that among those at the well attended meeting with the President were Jean Montgomery of Tass, the official Russian news agency, and Rob. F. Hall of the Communist Daily Worker, published in New York.

Home From Hospital

Forrest Ritchey, 129 East Walnut, who has been a patient in the Veterans hospital in Wadsworth, where he recently underwent a serious operation, returned to his home Wednesday night.

Drought Hits Birds

RIVERSIDE, Calif — (AP) — Southern California deserts, in the throes of one of the longest dry spells on record, seven years, are turning an uncolorful gray and even the most drought resistant shrubs are drying.

Even with the reutrn of normal rainfall, it will take nature many years to replace these plants, said Edmund C. Jaeger, naturalist and authority on desert flora and fauna.

Jaeger said that desert birds have been especially hard hit during the current dry spell. When the plants die the insects disappear, and they are an absolute necessity in the diet of baby birds. "If the mature birds find a scarcity of insects they won't nest," he said. "This means that the birds, naturally short-lived, will die without reproducing.

Tractor Fuel Usage

LEXINGTON, Ky. — (AP) — The University of Kentucky experiment station reports that the amount of fuel used by farm tractors varies according to the size and condition of the tractor, kind of work done and operating skill.

Measured in gallons of kerosene or distillate per 10-hour day, the average daily consumption for different kinds of work is about as follows:

Plowing, 20 gallons; disking, 20 gallons; cultipacking, 12 gallons; clutivating, 15 gallons; mowing, 15 gallons; binding, 15 gallons; combining, 14 gallons, pick-up baling, 10 gallons; and drilling grain, 15 gallons.

Murray's Call Of CIO Meet Causes Stir

PITTSBURGH, Dec. 13—(AP)—Philip Murray's sudden call for a meeting of the big CIO United Steelworkers union's top policy makers has the steel industry buzzing today about possible outcome of contract negotiations.

Murray emerged from a 2½ hour session with the U. S. Steel Corp. representatives yesterday and announced his negotiators will meet Monday with the USW executive board and wage policy committee.

As Murray walked out he told reporters:

"We will submit a report on the status of negotiations when we meet with the executive board and the wage policy committee. I would not care to add anything to that right now."

The announcement touched off speculation in some steel quarters that Murray has hit a snag in his negotiations for the 22 demands he wants incorporated in the new contract.

U. S. Steel Corp. sources, however, would not comment on Murray's action, nor on the possibility of a crisis in the pact talks now in the third week.

Murray has said publicly that he wants a substantial wage increase over the average hourly $1.95 pay his million member union now earns. Also he wants a union shop, guaranteed annual wage, and improved premium and incentive pay.

One steel source said the company is not in a position to make a wage offer until it is known what the price stabilization board will grant in the way of a steel price increase.

Commenting on the call for a meeting of union policy makers, the source said.

"Either Murray has something to present to the policy board or has decided the issues have to be worked out elsewhere.

"It has been emphasized that discussions have been on non-economic issues. How could steel make a deal until it knows what it can get on prices?"

Hubbard Music Group to Give Concert Friday

The Hubbard school music department will present the choir in concert at 8 o'clock Friday night, Dec. 14, in the high school auditorium.

The numbers for the first part of the program will be: "Cast Thy Burden," "Angels We Have Heard on High," "The Lord Is My Shepherd" and "Ye Watchers and Ye Holy Ones."

Part two will be "Rise and Shine," "Steal Away," "I Know the Lord," "Go Tell It on the Mountains," with Marian Moore soloist for the last three, and a duet by Princess Henderson, soprano, and Beatrice Mason, alto, "Nobody Knows the Trouble I've Seen."

The third part will be: "The Lord's Day," "Ave Maria," "Pale Moon," "Glory to God" and "Italian Street song" with Mrs. Doris H. Moten as soloist for the last number.

Miss Doris Nicholson will be the pianist, accompanied by the band.

The concert is under the direction of Charles F. Moten, assisted by Mrs. Doris E. Moten.

American Films Assailed

JAKARTA, Indonesia — (AP) — American made "gangster films," war pictures and motion picture cheese-cake may go off Indonesian screens — if two prominent Indonesian parliament members have their way.

Dr. Soenario, chairman of parliament's foreign affairs section, wanted the government to ban films glorifying war and "a certain political ideology." He feared these films hampered the establishment of world peace in general and the pursuance of Indonesia's independent foreign policy in particular. In addition he pointed out that American gangster films endanger national morality.

Typhoon Dead On Leyte Isle Now Up to 569

MANILA, Dec. 13—(AP)—The death from a typhoon which swept across the central Philippines Monday rose to 569 as the same storm doubled back today to strike the islands again.

The weather bureau forecast the center of the storm would strike Friday on the west coast of Luzon island about 100 miles north of Manila. Torrential rains drenched Manila today.

A second typhoon, coming in from the east, veered so much the weather bureau said it probably would just graze the coast of Luzon.

This afternoon the center of the turnabout typoon was 200 miles southwest of Manila. The second storm was 500 miles due east of the city.

Both are swinging well north of Leyte Island, which suffered the heaviest blow from the 130-mile winds Monday.

The Red Cross and mayors of Leyte towns reported 457 people were killed on the island by the storm and by landslides.

Related reports to the Red Cross listed 27 dead on Samar Island. Other revised death tolls by islands were Negros 52, Cebu 29, Panay 4.

The storm left 150,000 homeless and caused untold millions in property damage.

Whooper Melee Settled, Texas Loses Cranes to Louisiana

CORPUS CHRISTI, Tex., Dec. 13—(AP)—The whooper argument is settled. Texas lost. Louisana gets the birds.

This means Jo and Crip, those loving mates of the Austwell, Tex., wildlife refuge, will set up housekeeping in the New Orleans zoo.

The federal government made the decision last night. It hopes Jo and Crip will settle down and raise little whooping cranes. They haven't been successful in the wilds of the vast refuge.

Texas naturalists staged an uproar Tuesday night when they discovered George Douglass, superintendent of the New Orleans zoo, was en route to Texas to claim a crane the zoo had loaned the Texas refuge five years ago.

Shouted the Texans: You can't break up this happy home. Besides, Jo and Crip might produce a baby whooper.

Naturalists hope so. The once-great flocks of whooping cranes have dwindled to one flock with 28 members.

Douglass had an answer. He wanted to claim his bird, take a mate from Texas and try to breed them in captivity.

Julian Howard, manager of the refuge, admitted early last night after consulation with Washington that he might have to give up Jo, the female. Then he added, "I'm certainly not parting with Crip without authority."

That authority came later in the evening. Mr. Clarence Cottam, assistant director of the federal fish and wildlife service, announced he would send orders to Howard today to let Douglass take Jo back home and to allow Crip to go along "for at least a year."

"They've been very happy together for five years, but in fairnes to the New Orleans people, I think we should let them have a chance at trving to breed them in captivity," Dr. Cottam said.

Tea, Book Review By Mission Society Of Green Ridge Church

The annual tea and book review of the Women's Missionary Society of the Green Ridge Presbyterian church was held in the basement of the church, Thursday at 2 p.m. The following ladies were hostesses: Mrs. Wilford Acker, Mrs. A. N. Baker, Mrs. G. D. Rayburn, Mrs. F. E. Helman, Mrs. L. B Shaw and Mrs. Dennis Brownfield.

The president, Mrs. George Weller, presided at a short business meeting.

The Rev. J. G. Kirschner installed the new officers who are as follows: Mrs. Edna Ryan, president; Mrs. J. M. Palmer, vicepersident; Mrs. Walter Brown, secretary, and Mrs. George Weller, treasurer.

Following the business meeting, Mrs. Carl Johnson presented a very interesting review of the book, "We Americans, North and South," by the Rev. George Howard.

The tea was served from a white linen covered table. The centerpiece was suggestive of the Christmas season. Mrs. Kirschner and Mrs. Weller poured.

Better Homes Club Enjoys a Luncheon

Maplewood Better Home club met Dec. 4 with Mrs. Frank Barrick. Mrs. Earl Jackson and Mrs. John Bennett were assisting hostesses. A covered dish luncheon was served at noon.

The annual Christmas party was held in the afternoon. Roll call was answered with "A Christmas Tradition at Our House." Mrs. Luther Landis gave the devotional. A Christmas story was read by Mrs. Edward Heffernan. A committee was appointed to buy a lining for a wool comfort to be worked on at the January meeting which will be held at the community hall.

The new officers will be installed and the year books filled out.

Guests were Mrs. J. H. Byler, Mrs. J. H. Edwards and Mrs. Ruben Barrick.

HONORED BY NORWAY—Erling S. Bent, Norwegian Consul General in N. Y., presents Royal St. Olav medal to Peggy Wood for role of "Mama" in TV's "I Remember Mama."

Deer Kicks Up

WALSENBURG, Colo.—(AP)—A female deer usually is the gentlest of creatures, which is why Ronnie Abe was so chagrined over what a doe did to him.

Abe dropped the doe with one shot. When he walked up to it, the deer sprang up, kicked him on the left foot and ran 40 yards before dropping again, dead. The kick ripped Abe's boot and left him with a wound which required three stitches.

High Point Club Has Christmas Party

High Point Homemakers club held its regular meeting with a Christmas party and a brilliantly illuminated Christmas tree at the home of Mrs. Henry Lamm on Dec. 5. Following an invocation an elegant dinner was served with members contributing.

Secret pals were revealed for the past year and an exchange of gifts, each to value of 50 cents, or less, was held.

Children present also exchanged gifts and each received a stocking filled with candy. Fifteen members and visitors were present.

Mrs. Alfred Stoffel, past president, and Mrs. Sam Freund, past secretary, were presented beautiful handkerchiefs.

The next meeting will be at the home of Mrs. John Raney on Jau. 9.

Tigers to Seek First CMC Win Against Kemper Friday Night

Smith-Cotton's Tigers resume competition in the Central Missouri conference Friday night when they meet the Kemper Yellow Jackets on the S-C court. The Bengals will be seeking their first CMC triumph in three starts against the once victorious Cadets.

The locals have dropped two contests in loop play, both losses coming on road games over the week-end. Teams that thumped the Tigers were Hannibal's Pirates and the Missouri Military Academy Colonels.

Smith-Cotton put its season's average back over the .500 mark Tuesday night by nipping the Marshall Owls 44-40 in an overtime battle. The Tigers have scored three triumphs to go with the two league defeats.

Kemper has experienced a rugged time this season, losing six of seven starts. Their losses include one conference game to Columbia, 40-31. Tuesday night they were defeated by their cross-town rivals, Boonville high school, 54-33.

Genneter and Colles have been Kemper's high scoring threats this season. For Smith-Cotton, Claude Murphy has been the high scorer with Cooper and Lanning carrying the team with fine rebounding.

Against Marshall, the Tigers displayed some improvement, but many flaws were still noticeable. Several times they were charged with taking steps and carrying the ball.

Coach Howard Glavin has been drilling the boys to hold onto the ball until getting a good shot instead of firing whenever taking a notion. This has helped some, but the Tigers still take many questionable shots—without a rebounder in sight.

WRESTLING SCHEDULE

Opening Event
(Four men wrestle royal)

Johnny Dobbs	Art Childers
Omaha, Nebr.	Chicago, Ill.
Neil Warren	Mara Duba
Columbus, O.	Rio DeJanerio

No time limit.

Special Event

Rose Marie Alvarez vs. Jerry Hunter
Madrid, Spain — Bend Ore.
2 falls out of 3—45-minute limit.

Main Event
(Australian Tag Match)
Two winners vs. Two Losers
of the wrestle royal.
2 falls out of 3—90-minute limit.

Time: 8:30 p.m. Thursday.
Place: National Guard Armory.

Tonight wrestling will be at its height at the National Guard Armory when four men climb through the ropes to meet in a wrestle royal and return later to battle it out in an Australian team match. This double-feature event is being held by Promoter Gus Spartan in an endeavor to create local interest in the wrestling matches sponsored by Pettis County Post No. 16, American Legion.

Opening the evening of entertainment at 8:30 p.m. will be the wrestle royal bringing together Neal Warren, Columbus, Ohio; Mara Duba, Rio de Janeiro; Johnny Dobbs, Omaha, Nebr., and Al Childers of Chicago. They will wrestle, fight, and do about everything possible to eliminate two men. The first two to be eliminated will be matched to meet the two remaining wrestlers in the ring in the team tag event which will be the last feature on the card.

In the Australian team match two falls out of three will be necessary to declare the winning team. It will be for 90-minutes time limit. Regardless of which two are paired there is no doubt there will be a rough time in the ring.

A special feature on the card is a rematch of two young women who last week wrestled for 30 minutes to a draw in a one-fall event. These two women will wrestle for the best two falls out of three with a 45-minute time limit.

They will be Rose Marie Alvarez, Madrid, Spain, and Jerry Hunter of Bend, Ore. Miss Alvarez is much smaller than Miss Hunter but her alertness and action offset the size difference.

Yankees Retire No. 5 In Honor of DiMaggio

NEW YORK, Dec. 13 — (AP) — First is was uniform No. 3 to be retired by the New York Yankees in honor of one of its most famous players. Then it was No. 4, and now—No. 5.

The Yankees announced No. 5, worn by Joe DiMaggio for 13 years as a Yankee, would be taken out of circulation and sent to the hall of fame with Joe's uniform, glove and bat with which he hit his last home run.

Soon after Babe Ruth left the Yankees in 1935, his No.3 was retired. Four years later Lou Gehrig's No. 4 followed suit.

FIGHTS WEDNESDAY NIGHT
By The Associated Press

SAN FRANCISCO — Ezzard Charles, 190, Cincinnati, outpointed Joey Maxim, 178, Cleveland, 12 (non-title).

MIAMI BEACH, Fla.—Bobby Dykes, 152½, San Antonio, outpointed Joe Giardelli, 136, Philadelphia, 10.

PHOENIX, Ariz.—Chick Musgrove, 165, San Diego, outpointed Paul Pargo, 165, Los Angeles, 10.

Ez Charles Takes 5th Ring Victory Over Joey Maxim

SAN FRANCISCO, Dec. 13—(AP)—Former heavyweight champion Ezzard Charles has finally convinced light heavyweight titleholder Joey Maxim, after five beatings, that it is a hopeless cause to challenge him.

Charles, who confidently expects to punch the crown off Jersey Joe Walcott's head in their return fight early next year, dashed Maxim's hopes for a successful foray into the heavier division at the Cow Palace last night.

The lean Cincinnati Negro outpunched Maxim to win a unanimous 12-round decision handily.

There were no knockdowns and not much sustained action. Neither was damaged or even in trouble. The crowd of 10,827 booed at times in dull moments when Maxim engaged in his frequent clinches.

Charles weighed 190, heaviest of his career; Maxim 178.

Prexys Agree An Education Comes First

WASHINGTON, Dec. 13—(AP)—College presidents studying sports have found one point on which they're all agreed: They feel a college athlete is entitled to, and should get, a college education.

But as they went back to work today they still were far from a decision on what their chairman, Dr. John Hannah of Michigan State college, thinks is the heart of the problem.

In Dark On Control Question

"We still don't know how to control recruiting and subsidizing," he told reporters yesterday. "Spring practice, bowls, that sort of thing, are just the fringe."

In answer to a question, Hannah said yes, he thinks a player who has been recruited and subsidized is more likely to accept a bribe than one who never has received favors.

"Under this setup," he explained, "the boy is prevented from telling the truth. He's told not to answer certain questions. You've got a bad climate."

The college presidents are members of a special committee set up by the American Council of Education. They met here for a couple of days last month, and followed this up with a session yesterday and today.

Hannah said that the presidents were agreed on the proposition that a college athlete is entitled to what he presumably came to college for: An education.

Too Many Snap Courses

There have been some complaints that athletes are allowed to spend too much time on snap courses in physical education.

But Thomas E. McDonough of Emory university in Georgia, who is president of the college physical education association, told the educators yesterday physical education is no snap.

Lloyd P. Jordan, Harvard football coach and president of the National Coaches association, defended college sports.

"There are a lot of good athletes who are fine boys," he said. "I don't mean fine athletes; I mean fine boys. It's a shame to have the criticisms heaped on these fine boys because of a few."

Sporting Notes About Sedalia

Coach Earl Keth of the Central Missouri State College Mules recently gave Biddle Freund a fine compliment. He claimed the Warsaw youth was the best playmaker in college basketball today. Whether this is an accurate statement, we can't be the judge, but after seeing Freund set-up score after score for the Mules we can say he's probably the best in this area.

The Mules have left for a rugged road trip and they have encountered difficulties with injuries protests and illness. On this trip they play Western Kentucky and Dayton U., two of the top teams in the nation.

Out for the season is Lyle Highfill, another fine ball handler and floor man. Jim Hoverder has been out with the flu and Dick Smith now has the flu. To add to this, Springfield has protested the eligibility of Bob Hendrix, former Missouri Valley star.

Among the high schools from this area that will attend the basketball clinic at Kansas City this week-end is Smithton. Smithton owns a nine win, two loss record this season.

Players from this area listed as receiving aid-for-athletes at the University of Missouri were Charles Philips and Carl Barbour, both Sedalians. Phillips won a varsity football letter this year as a starting offensive guard. Barbour won a B team football letter an dis a varsity baseball letterman at Mizzou. He is listed only under aid to football players.

Fullerton's Sports Roundup----

NCAA Bigwigs Will Attempt New Tactics For Controls

By Hugh Fullerton, Jr.

NEW YORK, Dec. 13 — (AP) — Having been slapped down once in an effort to apply strict controls to college athletic practices, the NCAA bigwigs likely will try a gentler form of persuasion . . . One plan which likely will come up at the January meeting is to require the head of each school to certify that he knows and approves of all aid being given to athletes. . . . There won't be any prescribed limits or punishment. . . . That seems to allow plenty of leeway, but the idea is that there won't be any excuses, either, of flagrant cases of subsidization turn up. . . . The academic crediting agencies—much more powerful than the NCAA—might then step in and slap the offending schools down on charges of "Bad academic practices." . . . Question is just how far would these agencies go if there was any doubt at all about a matter which isn't exactly academic.

Just Plane Lucky

When the Notre Dame football team took off from Los Angeles airport in a chartered plane following their victory over Southern California, they used the same gate as passengers taking a smaller ship to Catalina Island. . . . The Irish special had taxied to the end of the runway when two men who had boarded the ship looked around uncertainly at the collection of husky and hungry athletes and asked shyly: "This plane is going to Catalina, isn't it?" . . . They were returned to the gate, but brother wouldn't they have been surprised if they had landed at South Bend?

Shorts and Shells

Frank McPhee, captain-elect of the Princeton football team, and Donald Main, similarly honored at Colgate, were co-captains of the Chaney high school team in Youngstown, Ohio, in 1948. . . . What's more, they're both two-way players. Main averaged 52 minutes a game as center and linebacker during the past season. McPhee, mostly a defensive player this year, will switch to offense next season. . . . Jimmy Raiff, squat 225-pound tackle on the bowl-bound U. of Dayton team, claims: "I just ate my way out of the backfield into the line." . . . Roland Lastarza, heavyweight contender, plans to enter the airplane business and is learning to fly his own as a preliminary. . . . After scouting Tennessee against Vanderbilt, Maryland's Jim Tatum, who'll do the master-minding against the Vols in the Sugar Bowl, sighed: "I feel like a man who has just witnessed his own execution."

Dots All, Brothers

Lexington's Johnny Clark predicts the clamp-down on bookies will make race horses more valuable. . . . Reason: There'll be more mutuel play at the tracks and consequently purses will be raised. . . . The second Hickok pro athlete of the year award will be presented at the Rochester, N. Y., press and radio club dinner Jan. 28. . . . The youngsters who play in the Santa Claus bowl game for the midget football title at Lakeland, Fla., Dec. 28 had to qualify not only as football players but by writing an essay on character. . . . There's a possible solution to the collegiate bowl problem—Don't let 'em play unless they can write.

Houstonia Still Unbeaten; Whips Blackburn, 74-61

Russell Rhinehart and Gregory combined to score 49 points in pacing the undefeated Houstonia Legionnaires to a 74-61 triumph over the Blackburn Legion team Wednesday night at Blackburn.

Gregory bucketed 25 points for high honors and Rhinehart netted 24. Brown with 17 and Tiemon with 15 led the scoring for the losers.

Again it was the fourth quarter drive that enabled the Houstonia five to smash their opponents. In the final frame the Houstonians counted 23 points while holding Blackburn to 13. At the end of the first quarter the count was knotted at 15-all. Houstonia pulled away to a nine point lead at intermission, but Blackburn rallied to close the margin to three points, 51-48, at the three quarters mark.

Warsaw Tournament----

Cole Camp, Hughesville, Lincoln Win

Hughesville outlasted Houstonia, Cole Camp stopped Green Ridge and Lincoln downed Wheatland in basketball games played Wednesday night in the Warsaw Invitational Basketball tournament. In the only volleyball game, Hughesville smothered the Warsaw girls, 45-13.

Norfleet kept Houstonia in the ball game with 17 points, but his efforts failed as Hughesville came from behind in the final period to win 34-29. Mosby was high for the winners with 10.

Brown racked up 22 points for Green Ridge, but the combined efforts of Traugott with 19 and Ackerman with 14 points was too much for Green Ridge and Cole Camp won a 47-40 contest.

Lincoln took a first quarter lead over Wheatland and held it all through the game and at the end the score was 50-36. H. Rank led Lincoln with 12 points and Dons was high for Wheatland with 11.

In the volleyball game, Dorothy Gray of Hughesville was high scorer with 13 counters. Bybee topped Warsaw with five.

Games tonight pit Lincoln and Cole Camp in the consolation semi-finals of the lower bracket at 5 p. m. At 9 p. m. Urbana meets Smithton in a consolation tilt in the upper bracket.

Warsaw vies with Cross Timbers at 7:30 p. m. in the championship semi-finals and Cole Camp battles Houstonia in the lone volleyball game of the night.

Stanford's McColl Selected As Top Lineman of '51 By AP

NEW YORK, Dec. 13—(AP)—Bill McColl, a big factor in Stanford's winning of the Pacific Coast Conference football title and the Rose Bowl spot against Illinois, has been selected as the lineman of the year.

The 21-year old 225-pound end from San Diego was the choice of 103 sportswriters and sportscasters participating in the Associated Press poll.

"The greatest lineman I have ever seen," said Coach Chuck Taylor of Stanford.

Big Bill, named on the Associated Press' All-America offensive team, received 17 votes for his feats of catching 42 passes, seven for touchdowns, and picking up 607 yards.

In San Diego, McColl was not available for comment, but his father, W. F. McColl, greeted his son's selection as "awfully nice and a signal tribute."

Two All-America tackles, Don Coleman of Michigan State and Jim Weatherall of Oklahoma, tied for second place with Bob Ward, Maryland's All-America guard, right at their heels.

Coleman and Weatherall each received 12 votes. Ward polled 11. Coleman and Ward were named on the AP's All-America offensive eleven and Weatherall on the defensive team.

Bob Carey, Michigan State's All-America offensive end, was next in line with seven votes. He was followed by Pat Canamella of Southern California and Les Richter of California, each with six votes. Both Canamella and Richter were selected because of their fine work as linebackers.

Rounding out the first ten (with ties) were tackle Pug Pearman and guard Ted Daffer of Tennessee with five and four votes, respectively, and Ray Beck, Georgia Tech guard, and Chuck Boerio, Illinois linebacker. Beck and Boerio each landed three votes.

Dynamos Defeat Sweet Springs In '51 Opener

Marvin "Slick" Burford poured in 12 points Tuesday night as the Missouri Pacific Dynamos notched a victory in their opening game of the 1951 basketball campaign over Sweet Springs, 53-36, in a game played at Whittier school.

In thumping the Sweet Springs five, the Sedalians featured a smooth attack with all but one man scoring. Powers was high for Sweet Springs with 11.

Coach Bill Dunlap was well-pleased with his team in the opener. Thursday night the Dynamos meet Versailles at Whittier school.

The Mo-Pac team will again compete in the line's basketball loop. Last season the locals woundup in a tie for the championship with Little Rock.

US Netmen Take Easy Victories Over Swede Foes

MELBOURNE, Australia, Dec. 13—(AP)—Tony Trabert and Ted Schroeder virtually swept their Swedish opponents off the courts in the first two singles matches of the U.S.-Sweden interzone Davis Cup final today and were expected to finish the job today by taking the doubles in similar convincing fashion.

Tony and Ted, whose selection for the singles over Vic Seixas and Dick Savitt caused some surprise, each won their singles matches in straight sets to give the U.S. a commanding 2-0 lead. A victory in the doubles will put the U.S. in the challenge round against Australia.

Trabert, a Concinnati youth on leave from the navy, crushed Sven Davidsson, 6-3, 6-4, 9-7. Then the veteran Schroeder from La Canada, Calif., stormed over Lennart Bergelin, Sweden's No. 1 player, 6-2, 6-2, 6-4. Davidsson and Bergelin will pair against Tony and Ted in the doubles.

A crowd of 7,000, somewhat short of Koonyong Stadium's capacity, saw the one-sided matches.

2 Platoons, T Boost Scoring In Grid Sport

Two-platoon and T-formation football have increased the scoring among college elevens almost two touchdowns a game and reduced shutouts almost 50 per cent, an Associated Press survey showed today.

In 1936, the first year of the Associated Press poll to determine the country's best teams, the average score of a game played by the better teams was 19 to 5. The top ten teams of 1951 romped over the gridirons at a 28 to 9 pace, an increase of 13 points a game.

The 1936 elevens participated in 91 games and in 51 of them one of the teams failed to score. The leaders of the past season played 96 games and only 27 times was a team unable to gain the end zone.

The records of the ten colleges placing men on the 1925 All-America team were used in compiling figures for that year, the AP poll not making its debut until 1936. A quarter of a century ago the average score was 24 to 5. Touchdowns were scarce. In the 67 games played by the leaders of that season, 51 teams failed to score.

Probably the most outstanding figure developed in the survey was that which showed in the increase in the length of the schedule. The 1925 leaders played 37 games, including Washington's 20 to 19 loss to Alabama in the Rose Bowl. The 1951 teams already have played 96 games and have six bowl appearances docketed for New Year's day. However, the 1925 Washingtons played the longest schedule of any surveyed team, 12 games.

'Frisco Dumps K-State From Undefeated Ranks With 55-52 Upset Win

SAN FRANCISCO, Dec. 13—(AP)—Kansas State suffered its first defeat of the young basketball season last night, losing to the University of San Francisco, 52-52.

The wild contest saw the lead change hands five times in the second half until San Francisco went ahead 46-45 with 6½ minutes remaning. K-State held a 33-30 edge at halftime.

The Wildcats, who went into the game with four wins in four starts, had been favored to make it victory No. 5.

Missouri plays New Mexico A. and M. at Columbia tonight in the only game involving a Big Seven conference team.

8 Team NAIB Tourney Starts Tonite in KC As SMS Meets Kearney

KANSAS CITY, Dec. 13—(AP)—The annual NAIB pre-Christmas tournament gets under way tonight with eight teams—the largest field ever presented.

The Hamline university Pipers from St. Paul, Minn., are rated as favorites. The Pipers won the regular National Association of Intercollegiate Basketball tourney here last March.

Pre-Christmas tournaments in the past have been made up of only four teams. Hamline and Regis enter this year's competition with the most imposing records, both having won four starts.

The tournament winds up Saturday.

Tonight's schedule: (Times Central Standard.)

6 p.m.—Southwest Missouri vs. Kearney (Nebr.) State.

7:30 p.m.—Emporia (Kas.) State vs. Eastern Illinois.

9 p.m.—Hamline vs. Washburn (Kas.)

10:30 p.m. — Regis vs. Southeastern Oklahoma.

Joe Medwick to Pilot Tampa Smokers In '52

TAMPA, Fla., Dec. 13—(AP)—Joe Medwick, former St. Louis Cardinals baseball star and former manager of a Miami Beach club, has been named manager of the Tampa Smokers of the Florida International league.

Medwick succeeds Ben Chapman, who will go with the Cincinnati Reds as coach. He has been in baseball since 1930 when he played with Scottdale of the Middle Atlantic league.

He broke into the majors in 1932 and played with the St. Louis Cardinals, the Brooklyn Dodgers, New York Giants, Boston Braves and the New York Yankees.

Last season, Medwick led the Class B Carolina league's Raleigh club to third place.

St. Lawrence Seaway Gets Okay In Canada

OTTAWA, Dec. 13—(AP)—The St. Lawrence seaway—a 27-foot deep, $300,000,000 canal on the Canadian-American border that would open the Great Lakes to ocean shipping—won final approval last night from Canada's House of Commons.

The bill now goes to the Senate, where passage is regarded as a formality. Both major parties—the ruling Liberals and the opposition Progressive Conservatives — backed the bill in the House.

Lids Put on Fords

WASHINGTON, Dec. 13—(AP)—The Office of Price Stabilization (OPS) has set dollar and cent retail ceilings for Ford, Mercury and Lincoln passenger cars.

The order also placed lids on prices of extra equipment sold with the Ford Motor co. automobiles.

WINS TOP AWARD — Sgt. James E. Johnson, 25, of Washington, D. C., and Pocatello, Ida., became the seventh Marine to win the Congressional Medal of Honor in Korea. Johnson was wounded and presumed captured by North Koreans on Dec. 2, 1950, as he deliberately engaged the enemy in hand-to-hand combat to save his platoon. Presentation of the medal will not be made to his wife, but will be held "with the hope" that the sergeant can claim it personally "in the near future."

1951's Whacky Accidents----

In a Year of Mechanical Revolt, Gadgets Bite Hands That Oil Them

By NEA Service

The year of 1951 will be remembered by some poor souls as the Year of the Mechanical Revolt.. Some of our usually obedient gadgets and machines decided to bite the hands that oil them.

According to the National Safety Council, which annually collects whacky accidents, during 1951 automobiles, lawn rakes, steam rollers, electric fans and assorted mechanical devices make it rough for the human race

Consider poor Policeman Joseph Green of Chicago. An electric fan blew an envelope off the top of a filing cabinet. The envelope hit Green square in the eye, and hospitalized him

Or poor Ellsworth B. Wilson of Mishawaka, Ind., who was spending a pleasant afternoon, spanking his son. He lifted his -arm, knocked over a lamp, got conked on the head, wound up in the hospital.

Or poor William C Hollis of Denver, who was out for a drive through Topeka, Kan., with his dog. The pooch got impatient, reached over and stepped hard on the acceleerator. Result : one collision, four persons injured. And the dog didn't even have a driver's license.

Or poor Lincoln Stewart, of Columbus Ohio, who was raking trash in a dump. The rake struck a bullet, discharged it, and Stewart was shot in the ankle.

Then there was poor taxicab driver James Deeds, of Des Moines, Iowa. He was helping a passenger unload packages from the car when he backed into a passing car and lost the seat of his pants. The last he saw, that vital section of his clothing was heading south on a door handle.

And poor Mrs Catherine Meenan of Boston, who was minding her own business in her second-floor apartment. In the street a car hit a pedestrian knocked off his shoe and sent it sailing into Mrs. Meenan's window. It hit her on the head, inflicting scalp wounds.

Poor James Swootan a steeplejack of Richmond, Ind., wound up in the hospital from a fall. Only it wasn't from a steeple—he fell off a bar stool.

Then there was one poor Florida East Coast railroad which made the mistake of letting one of its freight trains bump into Ernest Benson's sturdy auto mobile in West Palm Beach, Fla. Damage: 18 loaded freight cars upset, 1,000 feet of track torn up, 1,000 cross ties ruined, $50,000 in damage altogether. Benson was unhurt, although his car was 'banged up some"

Poor little Stanley Willoughby, eight, of Portland, Ore., grabbed onto the back of a three-ton steam roller. The monster suddenly reversed knock,ed Stanley down and passed over his legs and hips. Fortunately the road was still being laid and the boy was neatimbedded in soft asphalt and escaped with only slight injuries.

Nature, as well as man - made machines, caused some accidents in 51. Driver Joseph Sylvester of Logansport, Ind., blamed his accident on ice cream—"I ate so much ice cream that I cut loose with a big burp and lost control of my car."

And David Quinn, Jr., of Edwardsburg, Mich., had a terrifying experience He was ice fishing, when he was attacked by a four-pound pickeral. It took Quinn and two friends several minutes to unfasten the fish rom its grip on the fisherman's leg.

But possibly 1951's oddest accident happened to Frank Wogtkielewicz, of South Deerfield, Mass., who crashed St. Peter's gate and lived to tell about it. His car went out of control and ran right through the gate at the home of Nelson St. Peter.

WILL'S SON AS WILL—Old-time movie fans might say, "Why, that's a picture of Will Rogers as a young fellow." But actually, it's a picture of Will Rogers, Jr., son of the famed cowboy-humorist, who will portray his father in a Hollywood movie, "The Will Rogers Story."

O'Mahoney Says GOP Using Ike In Boom for Presidency

WASHINGTON, Dec. 13—(AP)—Senator O'Mahoney (D-Wyo) contended today that Gen. Dwight D. Eisenhower is being "used" by victory-hungry Republicans backing him for President.

"I don't think the general should be used to save either the Republican party or the Democratic party," O'Mahoney told reporters. "His job (as commander of North Atlantic defense forces in Europe) is to save the nation."

Another Democratic senator, Humphrey (Minn), who has just returned from western Europe, said he found people there "very disturbed" by talk that Eisenhower may run for President.

"Nearly everybody I talked to is hoping Eisenhower will stay in Europe," Humphrey said. "He symbolizes the commitment of the American people to western Europe.

"I don't want to say he is indispensable there, but I think his presence in Europe will be of the greatest importance during the coming year, which will be a year of decision. The great problems of building a successful defense force are just beginning to come to a climax."

O'Mahoney was asked whether he feels Eisenhower is being used. He replied:

"I think that is the only reason so many Republicans are urging him to run. They think he is a popular figure and that he would win. They are willing to take a chance on what his principles are in order to win an election."

Eisenhower supporters like Republican Senators Lodge (Mass) and Duff (Pa) have said they know the principles for which Eisenhower stands, and that they are available for the GOP presidential nomination — and win it.

Eisenhower himself has kept publicly silent on whether he will be a candidate, and — for that matter — whether he is a Republican.

Humphrey said the only presidential candidate with a chance to win in 1952 will be one pledged to carry out President Truman's "fair deal" program, including the hotly-disputed civil rights section.

Humphrey said he expects the winner to be a Democrat, regardless of whether Mr. Truman runs again.
